# 36-582 - Certification of cross access connections

File generated by https://zr.planning.nyc.gov on 11/24/2026

## 36-582 - Certification of cross access connections

LAST AMENDED
12/5/2024

No excavation, foundation or building permit shall be issued for any #development# or #enlargement# requiring a cross access connection, and no certificate of occupancy shall be amended for any increase in the number of parking spaces requiring a cross access connection until the Chairperson of the City Planning Commission certifies to the Department of Buildings that the requirements of Section 36-58, inclusive, have been met.
