73-32 - Manufacture of Gaseous or Liquid Oxygen

LAST AMENDED

10/11/1962

In M3 Districts, the Board of Standards and Appeals may permit the manufacture of gaseous or liquid oxygen provided that such manufacture complies with all the applicable provisions of the Administrative Code of the City of New York and all rules and regulations of the Fire Department.

The Board may prescribe appropriate conditions and safeguards to minimize adverse effects on the character of the surrounding area, including adequate buffering.
