35-32 - Open Space Ratio for Residential Portions of Buildings

LAST AMENDED

3/22/2016

C1 C2 C3 C4 C5 C6

In the districts indicated, a #zoning lot# containing a #residential building# or the #residential# portion of a #mixed building# shall have a minimum #open space ratio# as required under the provisions of Sections [35-21](#) through [35-23](#), relating to Section [35-20](#) (APPLICABILITY OF RESIDENCE DISTRICT BULK REGULATIONS), except as otherwise provided in this Section.

For the purposes of this Section:

- (a) the #floor area# counted in determining the #open space ratio# shall be only that #floor area# in the #residential# portion of the #building#;
- (b) the #lot coverage# shall be deemed to be that portion of the #zoning lot# which, when viewed directly from above, would be covered by the #residential# portion of the #building# at any level; and
- (c) the applicable #height factor#, if the maximum permitted #residential# #floor area ratio# is less than the total #floor area ratio# permitted for such #building#, shall be the #height factor# of the #residential# portion of the #building#.

A non-#residential use# occupying a portion of a #building# that was in existence on December 15, 1961, may be changed to a #residential use# and the regulations on minimum required #open space ratio# shall not apply to such change of #use#.
