74-67 - Fire or Police Stations

LAST AMENDED

2/2/2011

In all #Residence Districts#, the City Planning Commission may permit fire or police stations, provided that the following findings are made:

- (a) that such #use# will serve the residential area within which it is provided to be located; that there are serious difficulties in locating it in a district wherein it is permitted as-of-right and from which it could serve the residential area, which make it necessary to locate such #use# within a #Residence District#; and
- (b) in the case of fire stations, that such #use# is so located as to minimize the movement of fire apparatus through local #streets# in residential areas.

For any such #use#, the Commission may permit appropriate modifications of the applicable regulations of Article II, Chapter 3, provided that such #use# complies with all the applicable district #bulk# regulations for #community facility buildings# as set forth in Article II, Chapter 4.

The Commission may prescribe appropriate conditions or safeguards to minimize adverse effects on the character of the surrounding area, including requirements for landscaping.
