74-851 - Height and setback regulations for certain buildings containing residences

LAST AMENDED

2/2/2011

In R8, R9 and R10 Districts, and in C1-7, C1-8, C1-9, C2-7 and C2-8 Districts, the City Planning Commission may permit modifications of height and setback regulations for #developments# or #enlargements# containing #residences#, provided the following findings are made:

- (a) that the resulting site plan affords better placement of the #buildings# on the #zoning lot# with improved arrangement of #open space# and improved access of light and air for the #dwelling units#; and
- (b) that the site is adjacent to or opposite a permanent space comprising an area of at least three acres such as a park, public place, waterfront, wharf property, wharves or docks, and that the resulting placement of the #buildings# will not unduly obstruct access of light and air in the #street# or on adjacent #zoning lots#.

The Commission may prescribe appropriate conditions or safeguards to minimize adverse effects on the character of the surrounding area.

However, the provisions of this Section shall not apply to #Quality Housing buildings#.
