In all districts, as indicated, required loading berths may be provided in facilities designed to serve jointly two or more adjoining #buildings# or #zoning lots# within a single #block#, provided that:

- (a) the number of berths in such joint facilities shall be not less than that required for the total combined #floor area# of such #buildings# or #zoning lots# as set forth in Section [44-52](#) (Required Accessory Off-street Loading Berths);
- (b) direct access is provided from such joint facilities to all such #buildings# or #zoning lots#; and
- (c) the design and layout of such joint facilities meet standards of adequacy set forth in regulations promulgated by the Commissioner of Buildings.
