In all districts, as indicated, #accessory# off-street parking spaces, open or enclosed, shall be provided in conformity with the requirements set forth in the table in this Section for all #developments# after December 15, 1961, for the #commercial# or #community facility# #uses# listed in the table. If an #enlargement# results in a net increase in the #floor area# or other applicable unit of measurement specified in the table, the same requirements set forth in the table shall apply to such net increase in the #floor area# or other specified unit of measurement. In addition, all other applicable requirements of this Chapter shall apply as a condition precedent to the #use# of such #development# or #enlargement#.

A parking space is required for a portion of a unit of measurement one-half or more of the amount set forth in the table.

For the purposes of this Section, a tract of land on which a group of such #uses# is #developed#, under single ownership or control, shall be considered a single #zoning lot#.

For those #uses# for which rated capacity is specified as the unit of measurement, the Commissioner of Buildings shall determine the rated capacity as the number of persons that may be accommodated by such #uses#.

The requirements of this Section shall be waived in the following situations

- (a) when, as a result of the application of such requirements, a smaller number of spaces would be required than is specified by the provisions of Section [36-23](#) (Waiver of Requirements for Spaces Below Minimum Number);
- (b) when the Commissioner of Buildings has certified, in accordance with the provisions of Section [36-24](#) (Waiver of Requirements for All Zoning Lots Where Access Would Be Forbidden), that there is no way to arrange the spaces with access to the #street# to conform to the provisions of Section [36-53](#) (Width of Curb Cuts and Location of Access to the Street);
- (c) for houses of worship, in accordance with the provisions of Section [36-25](#) (Waiver for Locally Oriented Houses of Worship); and
- (d) for certain #zoning lots#, #developments# or #enlargements# below minimum thresholds pursuant to Section [36-27](#) (Waiver for Certain Small Zoning Lots or Establishments).

For the purposes of applying the loading requirements of this Chapter, #uses# are grouped into the following Parking Requirement Categories (PRC) based on how requirements are measured. The specific designations for #uses# are set forth in the Use Group tables.
