36-74 - Off-site Bicycle Parking Spaces

LAST AMENDED
12/6/2023

C1 C2 C3 C4 C5 C6 C7 C8

In all districts, as indicated, #accessory# bicycle parking spaces required pursuant to Section 36-711 (Enclosed bicycle parking spaces) may be provided on a #zoning lot# other than the same #zoning lot# as the #use# to which such spaces are #accessory#, provided that such bicycle parking spaces are located on a #zoning lot# not further than 1,000 feet from the nearest boundary of the #zoning lot# occupied by the #use# to which they are #accessory#, or within a subsurface parking and other service facility that serves multiple #zoning lots#, including the #zoning lot# occupied by the #use# to which they are #accessory#.

A plaque shall be placed within 30 feet of an entrance of the #building#, with lettering at least three-quarter inches in height stating "Bicycle Parking" followed by information directing users to the address of the off-site location.

The number of off-site #accessory# bicycle parking spaces provided pursuant to this Section and the area of such bicycle parking spaces, in square feet, shall be noted on the certificate of occupancy for both the #building# in which the off-site bicycle parking spaces are located, and the #building# containing the #use# to which such bicycle parking spaces are #accessory#.
