---

LAST AMENDED

5/8/2013

The City Planning Commission may authorize, subject to the applicable zoning district regulations, curb cuts located on a #wide street#, provided the Commission finds that a curb cut at such a location:

- (a) is not hazardous to traffic safety;
- (b) will not create or contribute to serious traffic congestion, or unduly inhibit vehicular movement;
- (c) will not adversely affect pedestrian movement;
- (d) will not interfere with the efficient functioning of bus lanes, specially designated #streets# or public transit facilities; and
- (e) will not be inconsistent with the character of the existing streetscape.

The Commission may prescribe appropriate conditions and safeguards to minimize adverse effects on the character of the surrounding area.
