62-43 - Parking Requirements for Commercial Docking Facilities

LAST AMENDED
12/5/2024

#Accessory# off-street parking spaces, open or enclosed, shall be provided in conformity with the requirements set forth in the table in this Section for all #developments# involving the commercial docking facilities listed. For the purposes of this Section, the term #development# shall also include, in the case of an existing docking facility, an increase in any unit of measurement used in computing parking requirements.

In addition, passenger drop-off and pick-up areas shall be provided as set forth in Section 62-462.

#Accessory# off-street parking or drop-off and pick-up area requirements for docking facilities serving ferries or sightseeing, excursion or sport fishing vessels may be modified by City Planning Commission authorization pursuant to the provisions of Section 62-821.

* For sightseeing, excursion, sport fishing or passenger ocean vessels, “p” is the sum of the maximum capacities of all such vessels using a dock. The maximum capacity of each vessel is its U.S. Coast Guard certified capacity

For ferries, “p” is the total ferry passenger load of a dock on weekdays between the hours of 6:00 a.m. and 9:00 a.m., as determined by the N.Y.C. Department of Transportation

For docks serving both above categories of vessels, the number of parking spaces required shall be the sum of the number of spaces required for each category

** By City Planning Commission special permit only for ferries or passenger ocean vessels in districts indicated
