- (a) In M2 and M3 Districts pursuant to Section [62-27](#) (Special Use Regulations for Playgrounds or Private Parks), where a #zoning lot# or adjoining #zoning lots# are #predominantly# #developed# as a park, the requirements of Sections [62-50](#), inclusive, and [62-60](#), inclusive, shall be deemed satisfied for that portion of the #zoning lots# occupied by such park #use#, provided that:
- (1) such park is comprised of a minimum of nine acres of land above water and the #water coverage# of #piers# or #platforms#, located on the #zoning lot# or the #zoning lot# and adjoining #zoning lots#, having at least 600 feet of #shoreline#;
  - (2) such park provides a continuous paved walkway along the entire portion of the #zoning lots# occupied by such #use# with a minimum clear width of no less than 12 feet, within 40 feet of the #shoreline# for at least 75 percent of those portions of the park that abut the #shoreline#;
  - (3) such walkway connects with all other #shore public walkways# on the #zoning lot# and adjoining #zoning lots# and any adjoining public sidewalks or other pedestrian areas within #pier# public access areas, a public #street#, #public park#, other public place or park;
  - (4) such walkway shall be open and accessible from #pier# public access areas, a public #street#, park or other public place at intervals over the length of the park, not exceeding 1,000 feet with an average of 600 feet, by a continuous paved walkway with a minimum clear width of not less than 10 feet;

- (5) such park is open and accessible to the public from dawn to dusk, except when hazardous conditions are present that would affect public safety;
- (6) a maintenance and operation agreement providing for the maintenance and operation of the park in good condition is entered into with the Department of Parks and Recreation (DPR), except that no such maintenance and operation agreement shall be required for a park developed and maintained by the State or the City of New York, any subdivision or agency of the State or the City, or any public authority or other entity created pursuant to State or local statute for the purpose of operating such a park; and
- (7) #visual corridors# shall be provided in accordance with Section [62-51](#) (Applicability of Visual Corridor Requirements).

Any maintenance and operation agreement required pursuant to paragraph (a)(6) of this Section shall include a requirement that prior to obtaining any building permit or opening any portion of the park to the public, the property owner or operator of the park shall post with DPR security in the form of a maintenance bond, letter of credit or other security acceptable to DPR, in an amount certified by a registered architect or landscape architect to be sufficient to cover 125 percent of the cost of maintaining the park for a 12 month period following its final completion, and that such security shall be replaced every five years with new security in an amount sufficient to cover 125 percent of the then current annual cost of maintaining the park, as certified by a registered architect or landscape architect, for the life of the park. Any maintenance and operation agreement shall be attached to or included within a duly recorded, signed declaration of restrictions, indexed against the #zoning lot#, binding the owners and any lessees, tenants, successors and assigns to maintain and operate the park in conformance with this Section and with the maintenance and operation agreement for the life of the park. The filing of such declaration, where required, shall be a precondition to certification pursuant to paragraph (e) of Section [62-811](#).

Any portion of a #zoning lot# that is not #developed# for a park #use# shall be subject to all of the requirements of Sections [62-50](#) and [62-60](#). For purposes of determining obligations pursuant to this Section, such portions of a #zoning lot# not used for park purposes shall be treated as a separate #zoning lot# or separate #zoning lots#, except that the entire #zoning lot#, including the portion used for park purposes, shall be considered in determining #lot area# for purposes of Section [62-53](#) (Requirements for Shore Public Walkways).
