62-836 - Public parking facilities on waterfront blocks

LAST AMENDED
12/5/2024

In C1, C2, C4, C5, C6 and C7 Districts, the City Planning Commission may permit #public parking garages# or #public parking lots# on #waterfront blocks# in accordance with applicable district regulations, provided the parking facility is an interim #use# limited to a term of not more than five years, or the Commission finds that:

(a) the facility is needed to serve primarily waterfront #developments# containing WD or WE #uses#; and

(b) there is no practical possibility of locating such facility on a non-#waterfront block# because appropriate sites on such #blocks# are occupied by substantial improvements.

The Commission may prescribe additional appropriate conditions and safeguards to minimize adverse effects on the character of the waterfront and surrounding area.
