62-912 - Elements of a Waterfront Access Plan

LAST AMENDED

6/6/2024

A Waterfront Access Plan may:

- (a) on #zoning lots# where a #waterfront public access area# or #visual corridors# are required pursuant to the provisions of Sections [62-50](#) (GENERAL REQUIREMENTS FOR VISUAL CORRIDORS AND WATERFRONT PUBLIC ACCESS AREAS) and [62-60](#) (DESIGN REQUIREMENTS FOR WATERFRONT PUBLIC ACCESS AREAS), inclusive, modify the size, configuration, location or design of required #waterfront public access areas# or #visual corridors# within certain designated areas in order to address local conditions, provided such plan does not impose a #waterfront public access area# or #visual corridor# requirement on any #zoning lot# greater than would otherwise be required pursuant to the provisions of Sections [62-50](#) or [62-60](#). For the purpose of determining the amount of public access, the highest standard applicable to a #zoning lot# may be applied regardless of any specific #use# permitted or proposed for such #zoning lot#. Within Waterfront Access Plan BK-1, the #waterfront public access area# and #visual corridor# requirements for any parcel located within the Waterfront Access Plan may be determined by aggregating the #waterfront public access area# and #visual corridor# requirements of each #zoning lot# within the parcel and such aggregated requirements may be modified within such parcel without regard to #zoning lot# lines;
- (b) on #zoning lots# where #waterfront public access area# or #visual corridors# are not required pursuant to the provisions of Sections [62-50](#) and [62-60](#), inclusive, establish requirements for a #waterfront public access area# or #visual corridors#, except for those #zoning lots# #predominantly# #developed# for airports, heliports, seaplane bases or, in C8 or #Manufacturing Districts#, #uses# listed under Use Groups IV(B), IX or X, provided that such #zoning lots#, when improved would result in a community need for such physical or visual access to the waterfront or a waterfront linkage of #public parks# or other public areas. The plan may incorporate one or more of the #waterfront public access areas# or #visual corridors# listed in Section [62-50](#), inclusive, consistent with the standards of Sections [62-50](#) and [62-60](#), inclusive. Such standards may be modified as necessary to address local conditions provided such plan does not impose a requirement for any component greater than would otherwise be required pursuant to the provisions of Sections [62-50](#) or [62-60](#);
- (c) modify or waive specific requirements for a #waterfront public access area# or #visual corridors# in certain designated areas where such requirements would not be compatible with local conditions and therefore not serve to further public enjoyment of the waterfront;
- (d) identify shore terminations of mapped #streets# or #existing piers# or #platforms# within seaward prolongations of such #streets# and establish public access treatments for such areas after referral to the Department of Transportation or other City agency having jurisdiction over such property for its review and concurrence;
- (e) apply the #bulk# regulations of Section [62-30](#), inclusive, to a non-#waterfront block# when such #block# results from a subdivision of a #waterfront block# as the result of a #street# mapping; and
- (f) for #developments# where a #waterfront yard# is not otherwise required by Section [62-33](#) (Special Yard Regulations on Waterfront Blocks), establish requirements for a #waterfront yard# provided such plan does not impose a requirement greater than would be required by the provisions of Sections [62-331](#) (Front yards and side yards) or [62-332](#) (Rear yards and waterfront yards), as modified by the further provisions of this paragraph, (f), for such other #developments#. #Enlargements# of #buildings or other structures# existing on the effective date of the Waterfront Access Plan shall be permitted within such #waterfront yard# provided that the #enlargement# is for WD #uses# or #uses# listed under Use Groups IV(B), IX or X and no portion of the #enlargement#, other than permitted obstructions, is within 20 feet of the seaward edge of the #waterfront yard#. In addition, obstructions shall be permitted within such #waterfront yard#

pursuant to applicable district #yard# regulations, except that no #building# or portion of a #building# shall be permitted within 10 feet of the seaward edge of such #waterfront yard#.

A Waterfront Access Plan shall include the following elements:

- (1) identification of the plan by Borough and plan number or area name;
- (2) a #zoning map#, or portion thereof, showing the boundaries of the geographical area included within the plan, which shall constitute the plan map;
- (3) delineation on the plan map of any physical or visual waterfront access features mandated by the plan to be at specific locations; and
- (4) a description in the plan text of all features established or modified by the plan, with reference to affected #blocks# and lots.
