In C1-2 and C2-2 Districts, for youth-oriented or senior citizen-oriented community centers and non-profit neighborhood settlement houses, the City Planning Commission may permit modifications of the parking requirement of Section [36-21](#), provided the following findings are made:

- (a) that, because of site limitations, such a reduction is necessary for the proper design and operation of such community centers and non-profit neighborhood settlement houses; and

- 

### **74-52 - Special Permit to Remove Required Parking**

Outside the #Inner Transit Zone#, the City Planning Commission may permit the reduction or removal of #accessory# off-street parking spaces required pursuant to Section [25-20](#) (REQUIRED ACCESSORY OFF-STREET PARKING SPACES FOR RESIDENCES), provided the Commission finds that such reduction or removal:

- (a) will not impede access to existing #accessory# off-street parking spaces on adjoining #zoning lots#; and

#### **74-531 - Additional parking spaces or roof parking for accessory group parking facilities**

---

LAST AMENDED 3/22/2016

The City Planning Commission may permit #group parking facilities# #accessory# to #uses# in #large-scale residential developments# or #large-scale community facility developments# or #large-scale general developments# with more than the

prescribed maximum number of parking spaces set forth in Sections [25-12](#), [36-12](#) and [44-12](#) (Maximum Size of Accessory Group Parking Facilities) or may permit modifications of the applicable provisions of Sections [25-11](#), [36-11](#) and [44-11](#) (General Provisions) so as to permit off-street parking spaces #accessory# to such #uses# to be located on the roof of a #building#.

As a condition of permitting such exceptions or modifications, the Commission shall make the following findings:

- (a) that such #use# is so located as to draw a minimum of vehicular traffic to and through local #streets# in residential areas;
- (b) that such #use# has adequate reservoir space at the vehicular entrance to accommodate either 10 automobiles or five percent of the total parking spaces provided by the #use#, whichever amount is greater, but in no event shall such reservoir space be required for more than 50 automobiles;
- (c) that the #streets# providing access to such #use# will be adequate to handle the traffic generated thereby; and
- (d) that where roof parking is permitted, such roof parking is so located as not to impair the essential character or future use or development.

The Commission may prescribe appropriate conditions and safeguards to minimize adverse effects on the character of the surrounding area including requirements for shielding of floodlights, for locations of entrances and exits, or for setback of any roof parking areas from #lot lines#.

This Section shall not apply to the #Manhattan Core# where the regulations set forth in Article I, Chapter 3, shall apply, or to the #Long Island City area#, as defined in Section [16-02](#) (Definitions), where the regulations set forth in Article I, Chapter 6, shall apply.

## **74-54 - Rear Yard Modifications**

---

LAST AMENDED  
10/9/1969

In C4, C6, C7, C8, M1, M2 or M3 Districts, for #public parking garages# with more than 150 spaces, the City Planning Commission may permit modifications of the applicable regulations in Sections [33-26](#) to [33-30](#), inclusive, and Sections [43-26](#) to [43-31](#), inclusive, relative to #rear yard# regulations, provided the following findings are made:

- (a) that the #public parking garage# will alleviate excessive on-street parking demand and thereby relieve traffic congestion in the area; and
- (b) that because of site limitations such modification is necessary for the proper design and operation of the #public parking garage#.

The Commission shall consider the characteristics of surrounding development and may prescribe appropriate conditions and safeguards to minimize adverse effects on the character of adjacent areas.
