74-851 - Floor area bonus for covered pedestrian space

LAST AMENDED
8/14/2025

For the #development# or #enlargement# of a #commercial#, #community facility# or #mixed building#, for each square foot of #covered pedestrian space# provided on a #zoning lot#, the total #floor area# permitted on that #zoning lot# under the provisions of Section 33-12 (Maximum Floor Area Ratio) or Section 43-132 (Floor area regulations in M1 Districts with an A suffix), as applicable, may be increased as set forth in the following table:

PERMITTED ADDITIONAL FLOOR AREA PER SQUARE FOOT OF COVERED PEDESTRIAN SPACE

District	Basic (in square feet)	Maximum (in square feet)
C5-3 C5-5 C6-6 C6-7 C6-9 C6-11 C6-12 M1-8A M1-9A	11	14
C4-7 C5-2 C5-4 C6-4 C6-5 C6-8 M1-6A M1-7A	8	11

In no event shall the resulting #floor area ratio# exceed the amount set forth in the underlying provisions by more than 20 percent. Any #floor area# bonus earned by providing a #covered pedestrian space# may be applied to increase the #residential# #floor area# of a #mixed building#.

Any portion of the #covered pedestrian space# that is within 10 feet of a #street line# or #lot line# and that is extended along such #street line# or #lot line# on either side of an entrance to it from an adjoining #street#, #arcade#, #publicly accessible open area#, #court#, #yard# or other #covered pedestrian space#, may receive only that #floor area# bonus accorded to an #arcade#.

The basic #floor area# bonus may be increased by providing one or more of the following additional amenities:

(a) An escalator, providing pedestrian access from sidewalk level to any floor level containing #uses# specified in paragraph (c) of Section 74-852 (Design requirements for covered pedestrian spaces). Such escalator may be either within or directly accessible from the #covered pedestrian space#. The basic #floor area# bonus may be increased by 1.5 square feet per square foot of #covered pedestrian space# for each floor level connected by such escalator. However, the #floor area# bonus earned for the total #covered pedestrian space# by providing such escalator shall not exceed the allowable maximum set forth in the table.

(b) Where the height over at least one-third of the #covered pedestrian space# in one location is increased by more than one #story# of the #building# above the required height, the basic #floor area# bonus for that portion may be increased by 1.5 square feet per square foot of such raised portion for each such #story#. However, the #floor area# bonus earned for the total #covered pedestrian space# by providing such additional height shall not exceed the allowable maximum set forth in the table.

(c) Where direct access from the #covered pedestrian space# to a subway station mezzanine or concourse is provided and such connection is major, necessary, and kept open to the general public for the same hours as the #covered pedestrian space# or as specified by the Commission, an additional bonus of two square feet of #floor area# per square foot of #covered pedestrian

space# may be permitted over the amount specified in the table.
