LAST AMENDED
2/2/2011

For any #large-scale residential development#, the City Planning Commission may permit:

(a) the total #floor area#, #lot coverage#, #dwelling units# or #rooming units# permitted by the applicable district regulations or by Sections 78-32 (Bonus for Good Site Plan) or 78-33 (Bonus for Common Open Space) for all #zoning lots# within the #large-scale residential development# to be distributed without regard for #zoning# #lot lines#;

(b) the total #open space# required by the applicable district regulations or by Sections 78-32 or 78-33 for all #zoning lots# within the #large-scale residential development# to be distributed without regard for #zoning# #lot lines# except that where subdivision is authorized in accordance with the provisions of Section 78-51 (General Provisions), the Commission, in authorizing such distribution may allow reductions in the minimum required #open space# on individual #zoning lots# only where adequate provision is made for common #open space# to serve such lots;

(c) minor variations in required #front# or #rear yards# on the periphery of such #large-scale residential development# for the purpose of introducing variety or preserving natural features;

(d) in R1 and R2 Districts, and in R6 through R12 Districts, minor variations in the front height and setback regulations on the periphery of such #large-scale residential development# for the purpose of introducing variety, preserving natural features, or providing for improved access of light and air, but within the general purpose and intent of the height and setback regulations. In R3, R4 or R5 Districts, the Commission may modify the height and setback regulations set forth in Section 23-42 (Height and Setback Requirements in R1 Through R5

Districts) and paragraph (b) of Section 78-31, on the periphery of such #large-scale residential development#, for the purposes of introducing variety, providing a transition in neighborhood scale between the #large-scale residential development# and surrounding #buildings#, preserving natural features or view corridors, or improving the access of light and air;

(e) variations in the location of primary business entrances, #show windows#, and #signs# along frontages adjacent to #zoning lots# outside the #large-scale residential development#, without regard to restrictions applicable near #Residence District# boundaries, for the purpose of achieving better site planning and community planning. However, in no event shall the Commission allow such primary business entrances, #show windows# or #signs# to be located within 10 feet of the #Residence District# boundary; and

(f) modifications of the minimum spacing requirements consistent with the intent of the provisions of Section 23-371 (Standard minimum distance between buildings) and may authorize modifications of the spacing required by paragraphs (c), (d), (e) and (h) of Section 78-311 (Authorizations by the City Planning Commission).
