## 78-44 - Modification of Curb Cut Regulations

LAST AMENDED 2/2/2011

The City Planning Commission may, upon application, authorize modification of the requirements set forth in Section <u>25-631</u> (Location and width of curb cuts in certain districts), provided the Commission finds that the proposed location and width of curb cuts:

- (a) results in a more efficient traffic circulation system;
- (b) permits better site planning; and
- (c) does not unduly increase the amount of traffic on nearby local #streets# so as to adversely affect #zoning lots# outside the #large-scale residential development#.
