An area designated on the site plan of a #large-scale residential development# as "common #open space#" and on the subdivision plan as an area to be held in separate ownership for the use and benefit of residents occupying specified #zoning lots# shown on such subdivision plan may be approved as part of such subdivision plan, provided that it meets the following requirements:

(b) it shall be made available in its improved state as set forth on the site plan in accordance with an approved time schedule;

(d) provisions to ensure its continuing availability shall be included in the covenants to be incorporated in the deed to each parcel to be served by such common #open space#;

(e) it shall be entirely at natural grade level or at the principal level of pedestrian circulation in adjacent areas;

(f) it may contain only such obstructions as are specifically permitted under the provisions of Section 23-734 (Permitted obstructions in open space) or minor #accessory# structures, and the total area occupied by driveways, private streets or open #accessory# off-street parking spaces in all areas claimed as common or private #open space# throughout the #large-scale
