## 79-43 - Special Permit for Limited Bulk Modifications for Certain Large-scale Community Facility Developments

---

LAST AMENDED

9/26/2024

For #large-scale community facility developments# located within the boundaries of Community Districts 8 and 12 in the Borough of Manhattan, that contain #community facility uses# specified in Section [73-64](#) (Modification for Community Facility Uses), the City Planning Commission may, by special permit, allow modifications to the following provisions set forth in paragraph (a) of this Section, provided that the findings in paragraph (b) are met.

- (a) The Commission may allow modifications:
  - (1) to regulations relating to height and setback on the periphery of the #large-scale community facility development#, #courts# and distance between windows and walls or #lot lines# not otherwise allowed in Section [79-21](#) (General Provisions); and
  - (2) additionally, in R9 and R10 Districts, located within Community District 8:
    - (i) to #lot coverage#; and
    - (ii) to #sign# regulations.
- (b) In order to grant such special permit, the Commission shall find that such modification:
  - (1) is required in order to enable the #large-scale community facility development# to provide an essential service to the community;

- (2) will provide a more satisfactory physical relationship to the existing #buildings# which form the #large-scale community facility development#, and provide a more efficient and integrated site plan;
- (3) will better complement the existing character of the neighborhood;
- (4) will not unduly increase the #bulk# of #buildings# in any #block# to the detriment of the occupants or users of #buildings# in the #block# or nearby #blocks#; will not adversely affect any other #zoning lots# or #streets# outside the #large-scale community facility development# by unduly restricting access to light and air; and
- (5) in R9 and R10 Districts located within Community District 8:
  - (i) with regard to #lot coverage#, will result in a better site plan and a better relationship among #buildings# and open areas; and
  - (ii) with regard to #sign# modifications:
    - (a) a signage plan has been submitted showing the location, size, height, and illumination of all #signs# on the #zoning lot#;
    - (b) the modifications are consistent with the amount and location of the #large-scale community facility development# that the Commission finds appropriate on the #zoning lot#; and
    - (c) #illuminated signs#, if provided:
      - (a) utilize an illumination type, and are located and oriented in a manner so as to minimize any negative effects on nearby

#residences#; and

- (b) do not alter the essential character of the adjacent area.

The Commission may prescribe additional conditions and safeguards to improve the quality of the #large-scale community facility development# and to minimize adverse effects on the character of the surrounding area.
