## 81-721 - Special ground floor street frontage restrictions

---

LAST AMENDED

6/6/2024

Each establishment along a designated #street# frontage shall be located within 10 feet of the #lot line# on which it is required to front for the full length of the frontage of that establishment, except that, where a #street wall# recess at #curb level# permitted under Section [81-43](#) (Street Wall Continuity Along Designated Streets) extends a greater distance from the #lot line#, the length of frontage of any establishment adjoining that recess may be located at an equal, but not greater, distance from the #lot line#.
