142-48 - Special Regulations for Certain Sites in Subdistricts C and F

LAST AMENDED

12/5/2024

In Subdistrict C, as shown on Map 1 (Special Inwood District – Subdistricts and Subareas) in the Appendix to this Chapter, and in Subdistrict F, the underlying height and setback provisions shall be modified for #zoning lots# that share a #side lot line# with an adjacent #zoning lot# that is #developed# with a #building# constructed prior to December 15, 1961 that contain #residences# with #legally required windows# facing and located within 15 feet of the shared #side lot line#.

The #street wall# location provisions of paragraph (a)(1) of Section [35-631](#) shall apply except that where an adjoining #zoning lot# contains #residences# with #legally required windows# facing and within 15 feet of a shared #side lot line#, the #street wall# of a #building# need not extend along the entire #street# frontage of such a #zoning lot# if an open area is provided above the level of the first #story# or a height of 15 feet, whichever is lower, along the entire shared #side lot line#. Where such an open area is provided, the #street# frontage of such open area may be excluded for the purpose of applying the #street wall# location provisions of paragraph (a)(2) of Section [35-631](#).

In addition, where an open area with a depth of at least 15 feet, as measured perpendicular from the shared #side lot line#, and is provided in the form of a recess, #court# or other open area is provided along shared #side lot line#, and such open area is provided adjacent to all portions of a #building# on an adjoining #zoning lot# that contain #legally required windows# facing and located within 15 feet of the shared #side lot line#, the applicable maximum #building# height set forth in Section [35-63](#), inclusive, may be increased by 10 feet; and the maximum number of #stories#, if applicable, may be increased by one.

#Zoning lots# may apply the regulations of this Section along multiple #side lot lines# where applicable, but in no case shall the permitted #building# height be increased by more than one #story# or 10 feet, whichever is lower.
