123-652 - Special base and building heights

LAST AMENDED  
12/5/2024

Where the designated #Residence District# is an R6 through R12 District, the following shall apply.

(a) Districts with a letter suffix

Where the designated #Residence District# is an R6 through R12 District with a letter suffix, the minimum base height, maximum base height and maximum #building# height shall be as set forth in the table in Section 23-432 (Height and setback requirements) for the applicable #Residence District#. Separate maximum base heights and maximum #building# heights are set forth for #zoning lots# containing standard #residences# and #zoning lots# containing #qualifying affordable housing# or #qualifying senior housing#. For portions of a #building# #street wall# that exceed the maximum base height, a setback shall be provided at a height not lower than the minimum base height or higher than the maximum base height, in accordance with Section 23-433 (Standard setback regulations).

However, for M1 Districts with an A suffix paired with a #Residence District#, the applicable height and setback regulations for the district shall be whichever regulations permit the tallest overall heights between the height and setback regulations applicable to the particular #Manufacturing District# set forth in the table in Section 43-46 (Height and Setback Provisions for Districts With an A Suffix), or the height and setback regulations applicable to the particular #Residence District# set forth in Section 23-432. In either case, for #zoning lots# with a #lot area# greater than or equal to 20,000 square feet, a #building# may exceed the maximum #building# heights established in such tables by 25 percent.

(b) Districts without a letter suffix

Where the designated #Residence District# is an R6 through R12 District without a letter suffix, the minimum base height, maximum base height and maximum #building# height shall be as set forth in the following table. For portions of a #building# #street wall# that exceed the maximum base height, at a height not lower than the minimum base height or higher than the maximum base height, a setback shall be provided in accordance with Section 23-433.

MAXIMUM BASE HEIGHT AND MAXIMUM #BUILDING# HEIGHTS

District	Minimum Base Height (in feet)	Maximum Base Height (in feet)	Maximum Height of #Buildings or other Structures# (in feet)
R6-2	30	55	95
R6 R6-1	40	65	125
R7-1 R7-2	40	85	155

R7-3		60	105	185
R8		60	105	215
R8 <sup>1</sup>		60	125	255
R9		60	135	285
R9-1		60	155	315
R10		60	155	355
R11		60	155	405
R12		60	155	495

<sup>1</sup> for #UAP developments# or #qualifying senior housing# on #zoning lots#, or portions thereof, within 100 feet of a #wide street#

However, for M1 Districts with an A suffix paired with a #Residence District#, the applicable height and setback regulations for the district shall be whichever regulations permit the tallest overall heights between the height and setback regulations applicable to the particular #Manufacturing District# set forth in the table in Section [43-46](#), or the height and setback regulations applicable to the particular #Residence District# set forth in this Section.

In addition, for all #buildings#, the maximum #building# heights set forth in this paragraph may be increased by 25 percent, provided that the gross area of any such #story# located above the maximum #building# height does not exceed 90 percent of the gross area of that #story# located directly below the maximum #building# height.
