Where the designated #Residence District# is an R6 through R12 District, the following shall apply.

(a) Districts with a letter suffix

Where the designated #Residence District# is an R6 through R12 District with a letter suffix, the minimum base height, maximum base height and maximum #building# height shall be as set forth in the table in Section [23-432](#) (Height and setback requirements) for the applicable #Residence District#. Separate maximum base heights and maximum #building# heights are set forth for #zoning lots# containing standard #residences# and #zoning lots# containing #qualifying affordable housing# or #qualifying senior housing#. However, for M1 Districts with an A suffix paired with a #Residence District#, the applicable height and setback regulations for the district shall be whichever regulations permit the tallest overall heights between the height and setback regulations applicable to the particular #Manufacturing District# set forth in the table in Section [43-46](#) (Height and Setback Provisions for Districts With an A Suffix), or the height and setback regulations applicable to the particular #Residence District# set forth in Section [23-432](#). In either case, for #zoning lots# with a #lot area# greater than or equal to 20,000 square feet, a #building# may exceed the maximum #building# heights established in such tables by 25 percent.
