117-532 - Setback regulations for buildings that exceed the maximum base height

LAST AMENDED

5/11/2023

All portions of #buildings or other structures# that exceed the maximum base height specified in the table in this Section shall comply with the following provisions:

- (a) At a height not lower than the minimum base height or higher than the maximum base height specified in the table for the applicable area, a setback with a depth of at least 10 feet shall be provided from any #street wall# fronting on a #wide street# and a setback with a depth of at least 15 feet shall be provided from any #street wall# fronting on a #narrow street#, except such dimensions may include the depth of any permitted recesses in the #street wall#.

Area	Minimum Base Height	Maximum Base Height
A-1	60	---
A-2	60	150
B and D	100	150
C*	60	100

* for #buildings or other structures# on Davis Street located 75 feet or more from Jackson Avenue, the minimum base height shall be 40 feet

- (b) In Area A-1, no setbacks are required above the applicable minimum base height specified in the table in paragraph (a) of this Section. However, if a setback is provided, it shall comply with the provisions of paragraph (a).
- (c) For any #zoning lot# located in a Historic District designated by the Landmarks Preservation Commission, the minimum base height of a #street wall# may vary between the height of the #street wall# of an adjacent #building# before setback, if such height is lower than the minimum base height required, up to the minimum base height requirements of this Section.
