## 107-24 - Special Regulations for Arterials or Railroad Rights of Way

---

LAST AMENDED

11/2/2023

Along the following #streets# designated as #arterials# or along a designated railroad, special regulations relating to restriction of access and setback of #buildings# apply as set forth in this Section.

### Arterials

Hylan Boulevard

Woodrow Road

Amboy Road

Frontage roads for Richmond Parkway

Huguenot Avenue

Page Avenue

Arthur Kill Road

Service roads for West Shore Expressway

Richmond Avenue

### Railroads

The Staten Island Rapid Transit right-of-way.

In accordance with the primary function of an #arterial# to accommodate vehicular through traffic, access is restricted to #arterials# pursuant to paragraph (a) of Section [107-241](#) (Special provisions for arterials). In addition, along portions of #arterials# as indicated on Maps 2.1 through 2.4 (Arterial Setback Plan) in Appendix A of this Chapter, the #building# setback provisions of paragraph (b) of Section [107-241](#) apply.

---

## 107-241 - Special provisions for arterials

---

LAST AMENDED

12/5/2024

Along those #streets# designated as #arterials#, the following regulations shall apply:

(a) Access restrictions

Curb cuts are not permitted along an #arterial# #street# on #zoning lots# with frontage on an improved non-#arterial# #street#. For #zoning lots# with frontage only on an improved #arterial# #street#, one curb cut is permitted along such #arterial# #street#. For purposes of this Section, adjoining #zoning lots# in the same ownership or control on November 2, 2023, shall be treated as a single #zoning lot#. For any #zoning lot# which includes an #area plan# approved by the City Planning Commission, no curb cut shall be allowed except where a curb cut is designated on such #area plan#. Such access restrictions with regard to curb cuts shall not apply to #schools#, hospitals and related facilities, police stations, or fire stations.

For a #zoning lot# with no less than 100 feet of frontage on an #arterial# #street#, the Commissioner of Buildings may approve curb cuts that exceed the access restrictions listed above where the Commissioner of Transportation submits a letter certifying that such additional curb cuts are necessary to avoid adverse effects on the traffic operations and safety of the #arterial#, or that such curb cuts will not adversely affect traffic operations and safety on the #arterial# including, but not limited to, all curb cut locations on an #arterial# #street# by either implementing a traffic pattern serving right-turn only movements or the implementation of traffic signalization, or other reasons acceptable to the Commissioner of Transportation.

(b) #Building# setback

In all districts excluding #Commercial Districts#, along portions of the #arterials#, as indicated on the District Plan (Maps 2.1 through 2.4 in Appendix A of this Chapter), a 20 foot #building# setback shall be provided for the full length of the #front lot line# #abutting# such #arterial#. The front #building# setback area shall be unobstructed from its lowest level to the sky except as permitted by this Section. Where a front #building# setback area at least 35 feet in depth is provided, such setback area may be used for required #accessory# off-street parking or loading facilities. No portion of such required setback area may be used for open storage.

In the case of the service roads of the West Shore Expressway, a 30 foot #building# setback shall be provided and required off-street parking and loading facilities are permitted within such setback. Within the required front #building# setback, there shall be provided one tree of three-inch #caliper# or more, pre-existing or newly planted, for each 400 square feet of such front open area, unless waived pursuant to the provisions of paragraph (c) of Section [107-483](#) (Planting and screening for parking areas). The trees shall be selected in accordance with the provisions of Section [107-32](#) (Tree Requirements).

---

## **107-242 - Building setbacks along railroad rights-of-way**

---

LAST AMENDED  
11/2/2023

For all #developments# on #zoning lots# immediately adjacent to the Staten Island Rapid Transit right-of-way, a #building# setback of at least 20 feet in depth, unobstructed from its lowest level to the sky, except as permitted herein, shall be provided along the #lot line# immediately adjacent to the right-of-way of such railroad. Such #building# setback shall be measured perpendicular to such #lot line#, as indicated on the District Map. Within such #building# setback area, unless the area is within a #street# or is waived according to the planting waiver provisions of paragraph (c) of Section [107-483](#) (Planting and screening for parking areas), there shall be provided one tree of three-inch caliper or more, pre-existing or newly planted, for each 400 square feet of such open area. Tree species shall be selected in accordance with Section [107-32](#) (Tree Requirements).
