## 65-40 - SPECIAL BULK REGULATIONS

---

LAST AMENDED

5/12/2021

The following modifications to #bulk# regulations set forth in this Section, inclusive, may be applied to #zoning lots# within #designated recovery areas#, as set forth in Section [65-01](#) (Applicability of Article VI, Chapter 5).

---

## 65-41 - Reconstruction and Alteration of Disaster-Damaged Buildings

---

LAST AMENDED

5/12/2021

In all districts, where the provisions of this Section are utilized, the #bulk# provisions of this Resolution, and the provisions regulating the reconstruction, #enlargement# and alteration of #buildings# with #non-conforming# #uses# and #non-complying# #buildings or other structures# shall be modified to allow the reconstruction, #enlargement#, relocation and alteration of #buildings or other structures# that were damaged due to the effects of the #severe disaster#, including #non-conformances# to be continued, and #non-compliances# to be created, continued, or increased, provided the #building or other structure# is subject to the following provisions, as applicable:

(a) Floor area

The maximum amount of #floor area# shall not exceed the amount of pre-existing #floor area# as it existed prior to the reconstruction, #enlargement#, relocation or alteration work or the amount permitted by the district, whichever is greater. Furthermore, no #extension# or

change of #use# may create a new #non-conformance# or a new #non-compliance#, or increase the degree of existing #non-conformance# or #non-compliance# with #floor area#.

(b) Building footprint

The resulting #lot coverage# shall be less than or equal to that of the pre-existing #building or other structure# as it existed prior to the reconstruction, #enlargement#, relocation or alteration work or the amount permitted by the district, as applicable, whichever is greater. Furthermore, a #building or other structure# may continue an existing #non-compliance#, increase the degree of an existing #non-compliance#, or create a new #non-compliance# with respect to open areas required through regulations for #yards#, #open space#, #open space ratio#, #lot coverage#, #courts#, and minimum distance between #buildings#, in order to relocate or alter the footprint of the #building or other structure#, provided that:

- (1) a new or increased #non-compliance# into an open area shall not exceed a horizontal distance of five feet, as measured perpendicular to the outermost edge of the #non-complying# #building or other structure#, as it existed prior to the reconstruction, #enlargement#, relocation or alteration work; and
- (2) any new or increased #non-compliance# shall not result in an open area of:
  - (i) less than five feet between the wall of a #building or other structure# and a #rear lot line#;
  - (ii) less than three feet between the wall of a #building or other structure# and a #front lot line#, in districts with #front yard# requirements; and
  - (iii) less than three feet between the wall of a #building or other structure# and a #side lot line# for #detached buildings# in districts that do not allow #zero lot

line buildings#.

Nothing in this Section shall affect the permitted obstruction allowances set forth by the district regulations.

(c) Building height

The resulting height and setback may continue an existing #non-compliance#, provided that the height of such reconstructed, #enlarged#, relocated or altered #building or other structure# as measured from #curb level#, #base plane# or other applicable underlying datum, does not exceed the pre-existing height of such #building#, as measured from the top of the lowest floor that contains #floor area#, to the highest point of such pre-existing #building#. All permitted obstruction allowances shall be measured with respect to the modified height and setback regulations set forth in this Section.

For the purpose of applying waterfront and parking regulations, #buildings or other structures# reconstructed pursuant to this Section shall not be considered #developments# or #enlargements#.

## 65-42 - Properties with Disaster-Damaged Buildings

---

LAST AMENDED

5/12/2021

In all districts, the definition of #zoning lot# set forth in Section [12-10](#) (DEFINITIONS) may be modified to allow a tax lot containing one or more #buildings# that were damaged by the #severe disaster#, or where a #building# or #buildings# that were damaged by the #severe disaster# occupied more than one tax lot on the date of the #severe disaster#, to be provisionally considered a #zoning lot# for the sole purpose of demonstrating compliance with the #bulk# requirements of this Resolution, including the provisions of Section [65-31](#) (Reconstruction and Alteration of Disaster-

Damaged Buildings), as applicable.
