

Zoning Resolution

THE CITY OF NEW YORK

Eric Adams, Mayor

CITY PLANNING COMMISSION

Daniel R. Garodnick, Chair

66-40 - CONSTRUCTION, MAINTENANCE, AND ADDITIONAL PROVISIONS

File generated by <https://zr.planning.nyc.gov> on 8/16/2025

66-40 - CONSTRUCTION, MAINTENANCE, AND ADDITIONAL PROVISIONS

LAST AMENDED
10/7/2021

Where an #easement volume# is provided pursuant to Section [66-20](#) (SPECIAL PROVISIONS FOR PRIMARY TRANSIT-ADJACENT SITES) or Section [66-30](#) (SPECIAL PROVISIONS FOR SECONDARY TRANSIT-ADJACENT SITES) the provisions of this Section, inclusive, shall apply. Where a #clear path# is provided pursuant to the aforementioned Sections, the provisions of Section [66-42](#) (Termination of a Transit Volume) shall also apply.

66-41 - Construction, Maintenance and Other Obligations

LAST AMENDED
10/7/2021

Where an #easement volume# is provided pursuant to this Chapter, transit access improvements within such volume shall be constructed and maintained either by the #transit agency# or the owner of the #zoning lot# with the #development#, #enlargement# or #conversion#.

- (a) Where such transit access improvement is constructed and maintained by the #transit agency#:
- (1) the owner of #zoning lot# with the #development#, #enlargement# or #conversion# shall provide an #easement volume# that is designed and constructed in such a manner that would not inhibit the #transit agency's# functional requirements and ability to construct such transit access improvement at a future date;
 - (2) in the event that the construction of the improvement is not contemporaneous with the construction of the #development#, #enlargement# or #conversion#, any underground walls constructed along the #front lot line# adjacent to an #at- or below-grade mass transit station# shall include one or more knockout panels, below #curb level# down to the bottom of the #easement volume#. The actual location and size of such knockout panels shall be determined through consultation with the #transit agency#;
 - (3) temporary construction access shall be granted to the #transit agency# on portions of the #zoning lot# outside of the #easement volume#, as needed, to enable construction within and connection to the #easement volume#; and
 - (4) in the event that the #transit agency# has approved of obstructions associated with the #development#, #enlargement# or #conversion# within the #easement volume#, such as #building# columns or footings, such construction and maintenance shall exclude any such obstructions within the #easement volume#.
- (b) Where such transit access improvement is constructed and maintained by the owner of the #development #, #enlargement# or #conversion#:
- (1) a transit access improvement shall be provided in accordance with standards set forth by the #transit agency#;
 - (2) such improvement shall be accessible to the public at all times, except as otherwise approved by the #transit agency#;
 - (3) such improvement shall include #signs# to announce accessibility to the public. Such #signs# shall be exempt from the maximum #surface area# of non-#illuminated signs# permitted by Section [32-642](#) (Non-illuminated signs); and
 - (4) no temporary certificate of occupancy shall be granted by the Department of Buildings until the Chairperson of the City Planning Commission, acting in consultation with the #transit agency#, has certified that the

improvement is substantially complete and usable by the public.

66-42 - Termination of a Transit Volume

LAST AMENDED

10/7/2021

In the event that the #transit agency# and the Chairperson of the City Planning Commission jointly notify, in writing, the owner of the #zoning lot# and the Department of Buildings that a #transit volume# is not needed on such #zoning lot# in its final construction plans, the restrictions imposed on such #zoning lot# by the provisions of this Section shall lapse, following receipt of notification thereof by the owner, and the owner shall have the right to record an instrument reciting the consent of the #transit agency# to the extinguishment of the #transit volume#.

Where initially determined that an #easement volume# is needed on any #zoning lot# which has been #developed#, #enlarged# or #converted# in accordance with the provisions of this Chapter, where termination of such #easement volume# has been certified pursuant to this paragraph, the #use# provisions of Section [66-221](#) (Temporary uses) and Section [66-222](#) (Special use allowances around easement volumes) shall continue to apply to any floor space in a previously needed #easement volume# and around such #easement volume# where special #uses# allowances are permitted in #Residence Districts# pursuant to this Chapter. Additionally, any floor space in a previously needed #easement volume# shall continue to be exempt from the definition of #floor area# and shall not be included for the purpose of calculating requirements for #accessory# off-street parking, bicycle parking or loading berths. However, where such previously needed volume is located within a #building#, the ground floor space shall be subject to all applicable ground floor level requirements of this Resolution.

66-43 - Annual Reporting

LAST AMENDED

10/7/2021

The #transit agency# shall submit annually to the Chairperson of the City Planning Commission and to the City Council a report containing an inventory of all #easement volumes# established through the provisions of this Chapter and describing the status of improvements within all such #easement volume#.
