74-13 - Community Facilities

LAST AMENDED

6/6/2024

74-131 - Long-term care facilities

LAST AMENDED

6/6/2024

The City Planning Commission may permit #long-term care facilities# listed under Use Group III(A) in locations where they are not permitted as-of-right, in accordance with paragraph (a) or (b) of this Section.

(a) In R1 and R2 Districts

The Commission may permit #long-term care facilities# in R1 and R2 Districts, and in C1 and C2 Districts mapped within such #Residence Districts#, provided that the following findings are made:

- (1) such #use# is compatible with the character of the surrounding area;
- (2) the proposed #building# access, orientation and landscaping create an adequate buffer between the proposed facility and nearby #residences#; and
- (3) the #streets# providing access to such #use# are adequate to handle the traffic generated thereby or provision has been made to handle such traffic.

(b) In certain Community Districts

The Commission may permit the #development# of nursing homes, as defined in the New York State Public Health Law, or #enlargements# of existing nursing homes that increase the existing #floor area# by 15,000 square feet or more, in Community District 11 in the Borough of the Bronx, Community District 8 in the Borough of Manhattan, and Community District 1 in the Borough of Staten Island, provided that the Commission finds that the #development# of additional nursing home beds will not unduly burden such community district. However, such special permit shall not apply to #developments# or #enlargements# that are subject to the restrictions set forth in Section [22-16](#) (Special Regulations for Nursing Homes).

Where such #use# is permitted by the Commission, it may be eligible for #bulk# modification, pursuant to the provisions of Section [74-902](#) (Certain community facility uses in R1 and R2 Districts and certain Commercial Districts), or Section [74-903](#) (Certain community facility uses in R3 to R9 Districts and certain Commercial Districts), as applicable.

The Commission may prescribe appropriate conditions and safeguards to minimize adverse effects on the character of the surrounding area.

74-132 - Non-profit hospital staff dwellings

LAST AMENDED

6/6/2024

The City Planning Commission may permit #non-profit hospital staff dwellings# in accordance with the conditions of paragraph (a) of this Section, provided that the findings of paragraph (b) are met.

- (a) The Commission may permit:
- (1) in all #Residence Districts#, or in C1, C2, C3, C4, C5, C6 or C7 Districts, #non-profit hospital staff dwellings# located on a #zoning lot#, no portion of which is located more than 1,500 feet from the non-profit or voluntary hospital and related facilities; or
 - (2) in C4-2 Districts without a letter suffix, in Community District 11 in the Borough of the Bronx, #non-profit hospital staff dwellings# on #zoning lots# located not more than 1,500 feet from the non-profit or voluntary hospital and related facilities.
- (b) To permit such #non-profit hospital staff dwellings#, the Commission shall find:
- (1) that the #bulk# of such #non-profit hospital staff dwelling# and the density of population housed on the site will not impair the essential character or the future use or development of the surrounding area; and
 - (2) that the number of #accessory# off-street parking spaces provided for such #use# will be sufficient to prevent undue congestion of #streets# by such #use#.

The Commission may prescribe appropriate conditions and safeguards to minimize adverse effects on the character of the surrounding area.

74-133 - Swimming pool clubs or certain non-commercial clubs

LAST AMENDED

6/6/2024

In all #Residence Districts#, the City Planning Commission may permit a non-commercial outdoor swimming pool club, or any non-commercial club with an outdoor swimming pool located less than 500 feet from any #lot line#, provided that the following findings are made:

- (a) that such #use# is so located as not to impair the essential character or future use or development of the nearby residential neighborhood;
- (b) that such #use# is so located as to draw a minimum of vehicular traffic to and through local #streets#;
- (c) that such #use# has adequate reservoir space at the vehicular entrance to prevent the congestion of automobiles on the #streets#;
- (d) that in R1, R2, R3 or R4 Districts, the pool or any #accessory# facilities affixed to the land are not located closer than 100 feet or, in the case of an #accessory# outdoor tennis court, such tennis court shall not be closer than 20 feet, to any #side# or #rear lot line# coincident with a #side# or #rear lot line# of an adjoining #zoning lot# in a #Residence District#, and not located closer than 50 feet to any #street line#, and that any planned temporary enclosure such as an air-supported structure be indicated on the plans submitted with this application, and in no event shall such a structure be located closer than 50 feet from any #street# or #lot line#, if such a structure is planned subsequent to the approval of the special permit, then an amended application subject to the same approvals of this Section shall be submitted; and
- (e) that for every 200 square feet of #lot area# used for the pool and its #accessory# facilities, one #accessory# off-street parking space is provided.

The Commission may prescribe appropriate conditions and safeguards to minimize adverse effects on the character of the surrounding area, including limitations on #signs# or the hours of operation, or requirements for shielding of floodlights, screening or surfacing of all access roads or driveways.

74-134 - Other community facility uses in M1 Districts

LAST AMENDED

6/6/2024

In M1 Districts, the City Planning Commission may permit any remaining #uses# listed under Use Group III(B), other than educational institutions, provided that such #use# is located not more than 400 feet from the boundary of a district where such facility is permitted as-of-right and the Commission finds that:

- (a) an adequate separation from noise, traffic and other adverse effects of the surrounding non-#residential districts# is achieved through the use of sound-attenuating exterior wall and window construction or by the provision of adequate open areas along #lot lines# of the #zoning lot#;
- (b) such facility is so located as to draw a minimum of vehicular traffic to and through local #streets# and that such #use# will not produce traffic congestion or other adverse effects that interfere with the appropriate #use# of land in the district or in any adjacent district;
- (c) where applicable, adequate reservoir space at the vehicular entrance and sufficient vehicular entrances and exits are provided to prevent congestion;
- (d) in selecting the site, due consideration has been given to the proximity and adequacy of bus and rapid transit facilities;
- (e) within the neighborhood primarily to be served by the #community facility#, there is no practical possibility of obtaining a site of adequate size located in a district where it is permitted as-of-right because appropriate sites in such districts are occupied by substantial improvements; and
- (f) such facility will not impair the essential character of the surrounding area.

The Commission may prescribe appropriate conditions and safeguards to minimize adverse effects on the character of the surrounding area.
