73-32 - Modification of Streetscape Regulations

LAST AMENDED 6/6/2024

In #Commercial Districts# and #Manufacturing Districts#, the Board of Standards and Appeals may permit modifications to the underlying streetscape regulations of Section <u>32-30</u>, inclusive, including as such provisions are modified by a Special Purpose District or other special geography of this Resolution.

In order to grant such permit, the Board shall find that:

- (a) such modification is the minimum extent necessary;
- (b) such modification will not impair the character or the future use or development of the surrounding area; and
- (c) the modifications are necessary to support the operation of such #use#.

The Board may prescribe additional appropriate conditions and safeguards to minimize adverse effects on the character of the surrounding area.
