74-30 - OTHER MODIFICATIONS TO USE REGULATIONS

LAST AMENDED

6/6/2024

74-31 - Stores or Offices on Large-scale Sites in Residence Districts

LAST AMENDED

6/6/2024

In #Residence Districts# the City Planning Commission may allow, by special permit, modifications to the underlying #use# regulations to permit #uses# that would be permitted in a C2 District on the #ground floor level# of a #building#. However, #accessory# drive-through facilities serving a #use# listed under Use Group VI, as set forth in Section [32-16](#) (Use Group VI – Retail and Services), shall not be permitted. The Commission may also permit the #sign# regulations applicable to a C2 District to be applied to such #use#. In order to grant such permit, the Commission shall find that the conditions of paragraph (a) and the findings of paragraph (b) are met.

(a) Conditions

As a condition for the special permit, the applicant shall demonstrate that the proposed #use#:

- (1) is located on a #large-scale development#, or is located on either a single #zoning lot# that has an area of at least 1.5 acres, or two or more contiguous #zoning lots#, or lots that would be contiguous but for their separation by a #street#, under the same single

fee ownership or alternate ownership arrangements, that has an area of at least 1.5 acres and contains #residences#; and

- (2) does not exceed a size of 15,000 square feet. The #floor area# associated with such #uses# permitted in a C2 District shall be considered a #community facility# #use# for the purposes of determining compliance with the applicable district #floor area ratio# regulations.

(b) Findings

In order to grant the special permit, the Commission shall find that:

- (1) such #use# will serve residents on the #zoning lot# and the surrounding residential area;
- (2) such #use# will generate a minimum of vehicular traffic to and through local #streets# and will not create traffic congestion;
- (3) such #use# will not produce objectionable effects; and
- (4) such #use#, including any permitted #signs#, will not alter the essential character of the neighborhood in which the #building# is located.

The Commission may prescribe appropriate conditions and safeguards to minimize adverse effects on the character of the surrounding area.
