

Zoning Resolution

THE CITY OF NEW YORK

Eric Adams, Mayor

CITY PLANNING COMMISSION

Daniel R. Garodnick, Chair

74-70 - ADDITIONAL PERMITS

File generated by <https://zr.planning.nyc.gov> on 7/26/2025

74-70 - ADDITIONAL PERMITS

LAST AMENDED

6/6/2024

74-71 - Landmark Preservation

LAST AMENDED

11/25/1997

74-711 - Landmark preservation in all districts

LAST AMENDED

2/2/2011

In all districts, for #zoning lots# containing a landmark designated by the Landmarks Preservation Commission, or for #zoning lots# with existing #buildings# located within Historic Districts designated by the Landmarks Preservation Commission, the City Planning Commission may permit modification of the #use# and #bulk# regulations, except #floor area ratio# regulations, provided that:

- (a) The following conditions are met:
 - (1) any application pursuant to this Section shall include a report from the Landmarks Preservation Commission stating that a program has been established for continuing maintenance that will result in the preservation of the subject #building# or #buildings#, and that such #use# or #bulk# modifications, or restorative work required under the continuing maintenance program, contributes to a preservation purpose;
 - (2) any application pursuant to this Section shall include a Certificate of Appropriateness, other permit, or report from the Landmarks Preservation Commission stating that such #bulk# modifications relate harmoniously to the subject landmark #building# or #buildings# in the Historic District, as applicable; and
 - (3) the maximum number of #dwelling units# shall be as set forth in Section [15-111](#) (Number of permitted dwelling units).
- (b) In order to grant a special permit, the City Planning Commission shall find that:
 - (1) such #bulk# modifications shall have minimal adverse effects on the structures or #open space# in the vicinity in terms of scale, location and access to light and air; and
 - (2) such #use# modifications shall have minimal adverse effects on the conforming #uses# within the #building# and in the surrounding area.

The Commission may prescribe appropriate additional conditions and safeguards which will enhance the character of the #development# and #buildings# on the #zoning lot#.

74-712 - Developments in Historic Districts

LAST AMENDED

12/5/2024

Within Historic Districts designated by the Landmarks Preservation Commission, the City Planning Commission may grant a

special permit, in accordance with the following provisions:

- (a) In M1-5B Districts, on a #zoning lot# that, as of December 15, 2003, is vacant, is #land with minor improvements#, or has not more than 40 percent of the #lot area# occupied by existing #buildings#, the Commission may modify #use# regulations to permit #residential# #development# and, below the floor level of the second #story# of any #development#, #uses# permitted in Use Group VI, provided:
 - (1) the #use# modifications shall meet the following conditions, that:
 - (i) #residential# #development# complies with the requirements of Sections [23-342](#) (Rear yard requirements) and [23-372](#) (Distances between legally required windows and lot lines), inclusive, pertaining to R8 Districts;
 - (ii) total #floor area ratio# on the #zoning lot# shall be limited to 5.0;
 - (iii) the minimum #floor area# of each #dwelling unit# permitted by this Section shall be 1,200 square feet;
 - (iv) all #signs# for #residential# or #commercial# #uses# permitted by this Section shall conform to the applicable regulations of Section [32-60](#) (SIGN REGULATIONS) pertaining to C2 Districts; and
 - (v) eating or drinking establishments of any size, as set forth in Use Group VI, are not permitted; and
 - (2) the Commission shall find that such #use# modifications:
 - (i) have minimal adverse effects on the conforming #uses# in the surrounding area;
 - (ii) are compatible with the character of the surrounding area; and
 - (iii) for modifications that permit #residential use#, result in a #development# that is compatible with the scale of the surrounding area.
- (b) In all districts, the Commission may modify #bulk# regulations, except #floor area ratio# regulations, for any #development# on a #zoning lot# that is vacant or is #land with minor improvements#, and in M1-5B Districts, the Commission may make such modifications for #zoning lots# where not more than 40 percent of the #lot area# is occupied by existing #buildings# as of December 15, 2003, provided the Commission finds that such #bulk# modifications:
 - (1) shall not adversely affect structures or #open space# in the vicinity in terms of scale, location and access to light and air; and
 - (2) relate harmoniously to #buildings# in the Historic District as evidenced by a Certificate of Appropriateness or other permit from the Landmarks Preservation Commission.

The City Planning Commission may prescribe appropriate additional conditions and safeguards in order to enhance the character of the #development# and to minimize adverse effects on the character of the surrounding area.

74-72 - Bulk Modification

74-721 - Height and setback and yard regulations

LAST AMENDED

6/6/2024

- (a) In C4-7, C5-2, C5-3, C5-4, C6-1A, C6-4, C6-5, C6-6, C6-7 or M1-6 Districts, the City Planning Commission may permit modification of the height and setback regulations, including tower coverage controls, for #developments# or #enlargements# located on a #zoning lot# having a minimum #lot area# of 40,000 square feet or occupying an entire #block#.

In C5-3, C6-6 and C6-7 Districts on such #zoning lots#, and in C6-4 Districts as set forth in paragraph (e) of this Section, the Commission also may modify #yard# and court regulations, and regulations governing the minimum required distance between #buildings# and/or the minimum required distance between #legally required windows# and walls or #lot lines#, provided that the Commission finds that such modifications:

- (1) provide a better distribution of #bulk# on the #zoning lot#;
- (2) result in a better relationship of the #building# to open areas, adjacent #streets# and surrounding development; and
- (3) provide adequate light and air for #buildings# on the #zoning lot# and neither impair access to light and air to #legally required windows# in adjacent #buildings# nor adversely affect adjacent #zoning lots# by unduly restricting access to light and air to surrounding #streets# and properties.

As a condition of this special permit, if any open area extending along a #side lot line# is provided at any level, such open area shall be at least eight feet in width.

- (b) In C5-3, C6-6 and C6-7 Districts, the Commission may modify height and setback and #yard# regulations, including tower coverage controls for #developments# or #enlargements# located on a #zoning lot# having an area less than 40,000 square feet, that occupies an entire #block# front on a #wide street#, subject to the following conditions:
- (1) where #buildings# or portions thereof penetrate the established #sky exposure plane#, the aggregate area occupied by such #buildings# or portions thereof at such elevation shall not exceed:
 - (i) 55 percent of the area of such #zoning lot#; or
 - (ii) an equivalent of 55 percent of the aggregate area of such #zoning lot# and any adjoining #zoning lots# with a common #lot line# for at least 90 feet with negative easements limiting height of existing and future #developments# on the adjoining #zoning lots# by recorded deed or other written instruments;
 - (2) that the #development# or #enlargement# includes on-site amenities, such as #arcades#, #through block arcades# or #covered pedestrian spaces# where the size and dimensions of such spaces are substantially greater than the required minimum standards, and includes skylights or other provisions for additional access of direct natural light so as to provide for an increased penetration of light and air therein at the #street# level of the #development# or #enlargement#, or a transit station improvement that results in a direct major connection to a subway station.
 - (3) In lieu of condition (c)(2), the #development# or #enlargement# may provide, in the same or an adjoining #block# of such #development# or #enlargement#, compensatory "off-site public open space." For the purposes of this paragraph, (c)(3), the term "adjoining block" shall mean a #block# that is contiguous to the #block# containing the #development# or #enlargement# but for its separation by a #street# or #street# intersection. The area of such off-

site public open space shall be at least 4,000 square feet, or 15 percent of the #lot area# of a #zoning lot# containing the #development# or #enlargement#, whichever is more, and a width of at least 40 feet at any point.

Such public open areas shall have a southern exposure, and adjoin a public sidewalk and be #developed# pursuant to the provisions of Section [37-70](#) (PUBLIC PLAZAS). A plan for the development and maintenance of such off-site public space shall be approved by the Commission. The off-site public area shall be kept open to the general public in accordance with a time schedule specified by the Commission. In no event shall such off-site public open space be eligible for #floor area# or bonus computation in connection with this or any other #development# or #enlargement#.

For such #developments# or #enlargements#, the Commission may also modify the applicable regulations of Sections [32-43](#) (Limitations on Business Entrances, Show Windows or Signs) and [36-663](#) (Restrictions on location of berths near Residence Districts) where adjoining frontage within a distance of 75 feet on the same side of the #street# is occupied by a #community facility# or ground floor #commercial# #use#, provided that such modification is part of an overall design for #show windows#, signage and entrances or off-street loading berths developed in conjunction with a public amenity such as a #public plaza#, #through block arcade# or #covered pedestrian space#, and will not alter the essential character of the immediate neighborhood.

In the case of existing #buildings# containing #residences# to remain temporarily on such #zoning lot#, the provisions of Sections [23-311](#) (Permitted obstructions in all yards, courts and open areas), [23-35](#) (Court Regulations) and [23-37](#) (Other Open Area Regulations) may be modified provided that each and every one of the following conditions are met:

- (i) that such existing #buildings# with unexpired leasehold interests are located upon such #zoning lot#;
- (ii) that the portions of the #zoning lot# where such existing #buildings# are located and are to be demolished shall be redeveloped according to the approved site plan;
- (iii) that no temporary or final certificate of occupancy shall be issued for that portion of #floor area# in the #development# or #enlargement# equal to twice the #floor area# in the temporary existing #buildings# until such #buildings# are vacated, demolished and their sites are redeveloped in accordance with the approved project plan, except that where the Commission shall have determined that the applicant for a special permit has made an offer to purchase the leasehold interests from the lessees at a fair market value of the remainder of the lease term, the Commission may decrease the amount of #floor area# for which no certificate of occupancy may be issued; and
- (iv) that the #development# or #enlargement# conform with all the applicable laws relating to construction, operation and maintenance.

The owner of the #zoning lot# shall have prominently displayed thereon a sign stating the date by which the #buildings# are to be demolished.

- (4) As a further condition for the issuance of a permit under this paragraph (c), the owner of the #zoning lot# upon which #developments# or #enlargements# are to take place, must post a bond or other security payable to the City of New York and approved by the Corporation Counsel as to form, sufficient in amount as determined by the Commission to cover the cost of demolishing the existing #buildings# should the owner fail to so demolish within the prescribed time set forth in the approved project plan, and ensure that all #floor area# which is to be vacant in the #development# shall remain unfinished and vacant.

The bonds or other securities shall be payable to the City of New York if any of the above conditions are violated.

The Commission must find, with each grant for a special permit under this paragraph, (c), that the #development# or #enlargement#:

- (i) shall result in improved circulation; and
- (ii) would eliminate the undesirable pre-emption of ground level space by private #buildings or other structures#.

In making these findings, the Commission may consider the provision of improved connections to rapid transit facilities, where applicable.

The site plan accompanying each application for a grant of special permit under this paragraph (c), shall include a schedule indicating the timetable of demolition of all existing #buildings# and the schedule of #development# or #enlargement# and other improvements on the #zoning lot#.

In addition to the conditions in paragraphs (c)(1), (c)(2), (c)(3) and (c)(4) of this Section, the Commission shall find that the modification of height and setback will provide a better distribution of #bulk# on the #zoning lot# and will not adversely affect other adjacent #zoning lots# by unduly restricting access to light and air to surrounding public spaces, #streets# and properties.

- (c) Notwithstanding any other provisions of the Zoning Resolution, where a #development# shares a #lot line# with a landmark #building# site for an aggregate distance of at least 90 feet, or contains a historically significant #street# that has been demapped and an archeologically significant site, both of which have been identified by the Landmarks Preservation Commission, the Commission may permit modification of the height and setback and #yard# regulations regardless of the lot size, provided that the following findings are made:
 - (1) there is a harmonious architectural relationship between the landmark and the new structure, and such relationship is approved by the Landmarks Preservation Commission or, in the case of a #development# which contains a historically significant #street# that has been demapped and an archeologically significant site, there is a visual recognition of the location of the demapped #street# and of the archeologically significant site created by a design treatment that has been approved by both the Landmarks Preservation Commission and the City Planning Commission and, if such #development# is located within 200 feet of a historic district, there is a harmonious relationship between the proposed #development# and the historic district; and
 - (2) pedestrian amenities are contained in the new structure including, where appropriate, retail stores and substantial pedestrian space at the principal levels of circulation, such as wider sidewalks, #arcades#, #covered pedestrian space#, subsurface concourses and convenient subway connections.
- (d) The City Planning Commission may also permit modification of all #bulk# regulations as set forth in paragraph (a) of this Section on #zoning lots# with a minimum #lot area# of 30,000 square feet, where such #zoning lot# is located in a C6-4 District in Manhattan Community District 3, has frontage on a #wide street# and existed on August 8, 2018.

74-74 - Large-scale General Development

LAST AMENDED
2/2/2011

For #large-scale general developments# involving several #zoning lots# but planned as a unit, the district regulations may impose unnecessary rigidities and thereby prevent achievement of the best possible site plan within the overall density and #bulk#

controls. The regulations of this Section are designed to allow greater flexibility for the purpose of securing better site planning, while safeguarding the present or future use and development of the surrounding area.

No portion of a #large-scale general development# shall contain:

- (a) any #use# not permitted by the applicable district regulations for such portion, except as otherwise provided in Section [74-744](#) (Modification of use regulations). When an existing #building# in a #large-scale general development# is occupied by a #non-conforming use#, any #enlargement# of such existing #building# shall be subject to the requirements set forth in Section [52-00](#) (DEFINITIONS AND GENERAL PROVISIONS);
- (b) any #zoning lot#, or portion thereof, that is part of a #large-scale residential development# or #large-scale community facility development#.

74-741 - Requirements for application

LAST AMENDED
8/13/2015

An application to the City Planning Commission for the grant of a special permit pursuant to Section [74-74](#) for a #large-scale general development# shall include a site plan showing the boundaries of the #large-scale general development# and the proposed location and #use# of all #buildings or other structures# on each #zoning lot# comprising the #large-scale general development#.

However, for applications proceeding pursuant to the ownership provisions of paragraph (e) of Section [74-742](#), such site plan need only show the applicable portion of the #large-scale general development# as set forth in paragraph (e)(1) or (e)(2) of Section [74-742](#).

74-742 - Ownership

LAST AMENDED
12/15/2021

Except as otherwise provided in this Section, any #large-scale general development# for which application is made for a special permit in accordance with the provisions of Section [74-74](#) (Large-scale General Development) shall be on a tract of land which at the time of application is all under the control of the applicant(s) as the owner(s) or holder(s) of a written option to purchase. No special permit shall be granted unless the applicant(s) acquired actual ownership (single fee ownership or alternate ownership arrangements according to the #zoning lot# definition in Section [12-10](#) (DEFINITIONS) for all #zoning lots# comprising the #large-scale general development#) of, or executed a binding sales contract for, all of the property comprising such tract.

When a #large-scale general development# is located within a designated urban renewal area, the City's urban renewal agency, or a person authorized by such agency, may apply for and be granted a special permit under the provisions of Section [74-74](#) even though such #large-scale general development# does not meet the ownership requirements set forth elsewhere in this Section. All parcels comprising such #large-scale general development# shall be within the designated urban renewal area and subject to the urban renewal controls set forth in the approved urban renewal plan.

A special permit may be applied for and granted under the provisions of Section ~~74-74~~, even though such #large-scale general development# does not meet the ownership requirements set forth elsewhere in this Section, when the site of such #large-scale general development# is:

- (a) to be #developed# or #enlarged# through assemblage by any other governmental agency, or its agent, having the power of condemnation; or
- (b) owned by the Federal government and is within Brooklyn Community District 2; or
- (c) partially under City ownership, within the former Washington Square Southeast Urban Renewal Area, within Community District 2 in the Borough of Manhattan, provided that the exception to the ownership requirements set forth herein shall apply only to tracts of land in City ownership; or
- (d) partially under State or City ownership, or may include a tract of land under private ownership that is located within the bed of 26th Avenue between 1st Street and the bulkhead line within the Halletts Point Peninsula, in the area bounded by 8th Street and Vernon Boulevard on the east, the East River on the west and south, and the north side of 26th Avenue on the north, in Community District 1 in the Borough of Queens, provided that the exception to the ownership requirements set forth herein shall apply only to:
 - (1) tracts of land in State or City ownership; or
 - (2) a tract of land in private ownership located within the bed of 26th Avenue, between 1st Street and the bulkhead line;
- (e) within Manhattan Community District 2, where the City Planning Commission has approved a special permit under Section ~~74-74~~ for a #large-scale general development# located partially within a C2-7 District, and a portion of such #large-scale general development# is subsequently mapped as a park and transferred to City ownership, then the consent or authorization of any owner or party in interest to:
 - (1) such #public park# shall not be required for any application for a modification to the special permit or associated restrictive declaration relating only to property within the #large-scale general development# other than the #public park#; and
 - (2) property other than the #public park# shall not be required for any application for a modification to the special permit or associated restrictive declaration relating only to the #public park#.

However, the consent or authorization of the owners and any party in interest to the other property shall be required if the proposed modification would impose an additional obligation or increase the degree of an obligation existing as of the date of the application for the modification on any such owner or any such party in interest; or

- (f) partially under State or City ownership, and is located within the boundaries of Community District 1 in the Borough of Brooklyn, on a #waterfront zoning lot# located within a C6-2 District that is mapped within a #Mandatory Inclusionary Housing area#, provided that the exception to the ownership requirements set forth herein shall apply only to tracts of land in State or City ownership.

74-743 - Special provisions for bulk modification

LAST AMENDED
12/15/2021

- (a) For a #large scale general development# the City Planning Commission may permit:

(a) For a #large-scale general development#, the City Planning Commission may permit:

- (1) distribution of total allowable #floor area#, #rooming units#, #dwelling units#, #lot coverage# and total required #open space# under the applicable district regulations within a #large-scale general development# without regard for #zoning lot# lines or district boundaries, subject to the following limitations:
 - (i) no distribution of #bulk# across the boundary of two districts shall be permitted for a #use# utilizing such #bulk# unless such #use# is permitted in both districts;
 - (ii) when a #large-scale general development# is located partially in a #Residence District# or in a C1, C2, C3 or C4-1 District and partially in other #Commercial# or #Manufacturing Districts#, no transfer of #commercial# #floor area# to a #Residence District# or to a C1, C2, C3 or C4-1 District from other districts shall be permitted, except that for a #large-scale general development# located partially or wholly within the former Seward Park Extension Urban Renewal Area, a transfer of #commercial# #floor area# from a C6 District to a C2 District may be permitted;
- (2) location of #buildings# without regard for the applicable #yard#, #court#, distance between #buildings#, or height and setback regulations;
- (3) variation in the location of primary business entrances and #show windows# along frontages adjacent to #zoning lots# outside the #large-scale general development# without regard to regulations applicable near #Residence District# boundaries;
- (4) the maximum #floor area ratio# permitted pursuant to Section [23-732](#) (Floor area ratio and open space ratio in R6 through R9 Districts) for the applicable district without regard for #height factor# or #open space ratio# requirements, provided that the #large-scale general development# is located partially in a C6-1, C6-2 or C6-3 District within the boundaries of Community Districts 2 or 7 in Manhattan or located within a C4-4 District within the boundaries of Queens Community District 7 and that a minimum of 50 percent of the required #open space# is provided within the #large-scale general development#. Required #open space# for the purposes of this paragraph (a)(4) shall be calculated by utilizing the smallest #open space ratio# at the maximum #floor area ratio#, pursuant to Section [23-732](#) for the applicable district;
- (5) in a former Inclusionary Housing Designated Area as indicated in APPENDIX F in a C4-6 or C5 District:
 - (i) a portion of the #lot area# that contains a wholly #commercial building# to be excluded from the calculation of #floor area# for any other #buildings# on the remainder of the #zoning lot#; or
 - (ii) #community facility# #floor area# located above the ground floor to be excluded from the calculation of the amount of #affordable housing# required pursuant to Section [23-95](#), as such Section existed prior to December 5, 2024;
- (6) modification of the requirements of Section [23-372](#) (Distance between legally required windows and lot lines) for #developments# or #enlargements#, where:
 - (i) the required minimum distance as set forth in Section [23-372](#) is provided between the #legally required window# in the #development# or #enlargement# and a wall or #lot line# on an #abutting# property; and
 - (ii) the required minimum distance is provided by a light and air easement acceptable to the Department of City Planning and recorded in the County Clerk's office in the county in which such tracts of land are located;
- (7) modification of the definition of #outer court# in Section [12-10](#) (DEFINITIONS) and the provisions of Section

[23-353](#) (Outer court regulations) to include any open area that is bounded on all sides but one by #building# walls and is not otherwise a #yard# or an #inner court#, provided that:

- (i) such modifications are permitted only for #large-scale general developments#, previously approved by the Commission, in a C4-7 District within the boundaries of Manhattan Community District 7; and
 - (ii) the minimum distance between a #legally required window# facing onto such #outer court# and a #building# wall shall be 30 feet, measured in a horizontal plane at the sill level of, and perpendicular to, such window for the full width of the rough window opening;
- (8) in a former Inclusionary Housing Designated Area in a C4-7 District within the boundaries of Manhattan Community District 7, for the purpose of applying the Inclusionary Housing Program, as such program existed prior to December 5, 2024:
- (i) modification of the base and maximum #floor area ratios# specified in Section [23-154](#) (Inclusionary Housing), not to exceed the maximum #floor area ratios# permitted by the underlying district, based on a proportionality between #affordable floor area#, as defined in Section [23-911](#), and #residential# #floor area# in #buildings# containing multiple #uses#; and
 - (ii) modification of the requirements regarding distribution of #affordable housing units#, as defined in Section [23-911](#), specified in paragraph (b) of Section [23-96](#) (Requirements for Generating Sites or MIH Sites);
- (9) within the boundaries of Community District 3 in the Borough of the Bronx, portions of any #building#, at any level, that contain permitted or required #accessory# off-street parking spaces, to be excluded from the calculation of #lot coverage#;
- (10) for a #large-scale general development# located partially or wholly within the former Seward Park Extension Urban Renewal Area, waiver of the planting requirements of Section [23-613](#) (Front yard planting requirements), provided the area between the #street line# and the #street walls# of the #building# and their prolongations is to be improved as a publicly accessible widened sidewalk;
- (11) wholly within a C1-9 District entirely within the boundaries of Community District 8 in Manhattan, for a predominantly #community facility# #development#, a #floor area# bonus not to exceed 20 percent of the maximum #floor area ratio# permitted by the underlying district regulations where, in connection with such #development#, an improvement to a #public park# located within the same Community District and within a one mile radius of the proposed #development# is provided in accordance with the provisions of this Section.
- (i) A request for such bonus #floor area# shall be accompanied by:
 - (a) a site plan for a #public park# improvement, transmitted by the Commissioner of Parks and Recreation, sufficient in detail and scope with respect to the work necessary to complete such #public park# improvement, to enable the City Planning Commission to determine the appropriate amount of bonus #floor area# to be granted to the #development#; and
 - (b) a letter from the Commissioner of Parks and Recreation stating:
 - (i) the selection of the #public park# for the #public park# improvement has been informed by community input in the form of consultation or an existing plan;
 - (ii) such #public park# improvement provides an appropriate amenity for the surrounding area; and

- (iii) that, absent funding to be provided by the applicant, such #public park# improvement is unlikely to be made in the foreseeable future.
 - (ii) Prior to a determination as to whether to grant the special permit, the City Planning Commission shall have received from the Commissioner of Parks and Recreation:
 - (a) any revisions to the site plan for the #public park# improvement or a statement that the site plan provided in the application is unchanged; and
 - (b) a letter that shall include:
 - (i) cost estimates for the #public park# improvement; and
 - (ii) a statement that the funding to be provided by the applicant, in combination with any other available funding, is adequate for completion of the necessary infrastructure, landscape and other work necessary to complete the #public park# improvement;
- (12) within the boundaries of Community District 1 in the Borough of Queens, in the area generally north of 30th Road and west of 8th Street, within the Halletts Point Peninsula, the #floor area# distribution from a #zoning lot# containing existing public housing #buildings#, provided that upon approval of a #large-scale general development# there exists unused #floor area# on a separate parcel of land with existing light industrial #buildings# in an amount equivalent to, or in excess of, the #floor area# approved for distribution and further provided:
 - (i) such parcel shall be made part of such #zoning lot# upon approval of such #large-scale general development#, pursuant to the definition of #zoning lot# in Section [12-10](#), paragraph (d); and
 - (ii) the existing light industrial #buildings# on the separate parcel of land are demolished; or
- (13) within the boundaries of Community District 1 in the Borough of Brooklyn, on a #waterfront zoning lot# located within a C6-2 District that is mapped within a #Mandatory Inclusionary Housing area#, portions of the land, #piers# or #platforms# projecting seaward of the bulkhead line and existing on December 15, 2021, may be replaced or reconstructed with #new piers# or #new platforms#, as follows:
 - (i) any such existing land projecting seaward of the bulkhead line may be replaced or reconstructed with #new platforms# and such #new platforms# may be included as part of the #upland lot#. In no event shall the #lot area# generated by such #new platforms# exceed the #lot area# of the land projecting seaward of the bulkhead line, as it existed on December 15, 2021;
 - (ii) any other such #new piers# or #new platforms# may be considered #lot area# for the purposes of determining allowable #floor area# or number of #dwelling units#, or to satisfy any other #bulk# regulations, in accordance with the provisions of paragraphs (b) and (c) of Section [62-31](#) (Bulk Computations on Waterfront Zoning Lots). In no event shall the #floor area# generated by such #new piers# or #new platforms# exceed the #floor area# generated by #piers# or #platforms# projecting seaward of the bulkhead line, as they existed on December 15, 2021; and
 - (iii) any #new piers# or #new platforms# that are subject to the provisions of this paragraph (a)(13) need not meet the requirements of Sections [62-242](#) (Uses on new piers and platforms), [62-54](#) (Requirements for Public Access on Piers) or [62-63](#) (Design Requirements for Public Access on Piers and Floating Structures), inclusive.

(b) In order to grant a special permit pursuant to this Section for any #large-scale general development#, the Commission

shall find that:

- (1) the distribution of #floor area#, #open space#, #dwelling units#, #rooming units# and the location of #buildings#, primary business entrances and #show windows# will result in a better site plan and a better relationship among #buildings# and open areas to adjacent #streets#, surrounding development, adjacent open areas and shorelines than would be possible without such distribution and will thus benefit both the occupants of the #large-scale general development#, the neighborhood and the City as a whole;
- (2) the distribution of #floor area# and location of #buildings# will not unduly increase the #bulk# of #buildings# in any one #block# or unduly obstruct access of light and air to the detriment of the occupants or users of #buildings# in the #block# or nearby #blocks# or of people using the public #streets#;
- (3) where a #zoning lot# of a #large-scale general development# does not occupy a frontage on a mapped #street#, appropriate access to a mapped #street# is provided;
- (4) considering the size of the proposed #large-scale general development#, the #streets# providing access to such #large-scale general development# will be adequate to handle traffic resulting therefrom;
- (5) when the Commission has determined that the #large-scale general development# requires significant addition to existing public facilities serving the area, the applicant has submitted to the Commission a plan and timetable to provide such required additional facilities. Proposed facilities that are incorporated into the City's capital budget may be included as part of such plan and timetable;
- (6) where the Commission permits the maximum #floor area ratio# in accordance with the provisions of paragraph (a)(4) of this Section, the #open space# provided is of sufficient size to serve the residents of new or #enlarged# #buildings#. Such #open space# shall be accessible to and usable by all residents of such new or #enlarged# #buildings#, have appropriate access, circulation, seating, lighting and paving, and be substantially landscaped. Furthermore, the site plan of such #large-scale general development# shall include superior landscaping for #open space# of the new or #enlarged# #buildings#;
- (7) where the Commission permits the exclusion of #lot area# or #floor area# in accordance with the provisions of paragraph (a)(5) of this Section or modification of the base and maximum #floor area ratios# or requirements regarding distribution of #affordable housing units# in accordance with paragraph (a)(8) of this Section, such modification will facilitate a desirable mix of #uses# in the #large-scale general development# and a plan consistent with the objectives of the Inclusionary Housing Program, as such program existed prior to December 5, 2024, and those of Section [74-74](#) (Large-scale General Development) with respect to better site planning;
- (8) where the Commission permits portions of #buildings# containing #accessory# parking spaces to be excluded from the calculation of #lot coverage# in accordance with the provisions of paragraph (a)(9) of this Section, the exclusion of #lot coverage# will result in a better site plan and a better relationship among #buildings# and open areas than would be possible without such exclusion and therefore will benefit the residents of the #large-scale general development#;
- (9) where the Commission permits a #floor area# bonus for a #public park# improvement in accordance with the provisions of paragraph (a)(11) of this Section:
 - (i) the amount of such bonus #floor area# is appropriate in relation to the size and quality of the proposed #public park# improvement; and
 - (ii) such bonus #floor area# will not unduly increase the #bulk# of #buildings# on the #zoning lot# or unduly obstruct access of light and air to the detriment of the occupants or users of #buildings# on the #block# or nearby #blocks# or of people using the public #streets#.

Grant of a #floor area# bonus for a #public park# improvement in accordance with the provisions of paragraph (a)(11) of this Section shall be conditioned upon adequate assurances for provision of the funding identified by the Commissioner of Parks and Recreation in a letter pursuant to paragraph (a)(11)(ii) of this Section as necessary for completion of the necessary infrastructure, landscape and other work for the #public park# improvement. The Commissioner of Buildings shall not issue a building permit for the #large-scale general development# unless the Commissioner of Parks and Recreation shall have certified that the funding has been made or secured in a manner acceptable to such Commissioner;

- (10) a declaration with regard to ownership requirements in paragraph (b) of the #large-scale general development# definition in Section [12-10](#) (DEFINITIONS) has been filed with the Commission;
- (11) where the Commission permits #floor area# distribution from a #zoning lot# containing existing light industrial #buildings# to be demolished in accordance with the provisions of paragraph (a)(12) of this Section, such #floor area# distribution shall contribute to better site planning of the #waterfront public access area# and shall facilitate the #development# of affordable housing units within a #large-scale general development#; and
- (12) where #new piers# or #new platforms# are constructed, replaced or reconstructed in accordance with the provisions of paragraph (a)(13) of this Section, such #new piers# and #new platforms# are an integral part of such #large-scale general development#, result in a superior site plan and form an appropriate relationship with adjacent #waterfront public access areas# and #shorelines#, and provide significant public access to or within the #seaward lot# portion of the #waterfront zoning lot#.

Within Manhattan Community District 2, within the former Washington Square Southeast Urban Renewal Area, where the Commission has approved a #large-scale general development# and a #lot line# of such #large-scale general development# coincides with the boundary of a mapped #public park#, such #lot line# shall be considered to be a #street line# of a #wide street# for the purposes of applying all #use# and #bulk# regulations of this Resolution.

In addition, within Manhattan Community District 2, where the Commission has approved a #large-scale general development# located partially within a C2-7 District, if any #open space# approved pursuant to paragraph (a)(4) of Section [74-743](#) is subsequently mapped as a park and transferred to City ownership, the #open space# requirement approved for such #large-scale general development# pursuant to paragraph (a)(4) of Section [74-743](#) shall be reduced by the area of such #public park#.

Within Community District 1 in the Borough of Queens, the Commission may prescribe additional conditions to ensure that the purpose of the Inclusionary Housing program as set forth in Section [23-92](#) (General Provisions) is achieved in a #large-scale general development#, as such program existed prior to December 5, 2024. The Commission may establish procedures resulting in limiting the amount of #affordable floor area# utilizing #public funding# that may count toward satisfying the #affordable floor area# required in paragraph (c)(2) of Section [23-154](#). Any such procedures established by the Commission shall be set forth in the restrictive declaration required in connection with the grant of a special permit for such #large-scale general development#.

For a phased construction program of a multi-#building# complex, the Commission may, at the time of granting a special permit, require additional information, including but not limited to a proposed time schedule for carrying out the proposed #large-scale general development#, a phasing plan showing the distribution of #bulk# and #open space# and, in the case of a site plan providing for common #open space#, common open areas or common parking areas, a maintenance plan for such space or areas and surety for continued availability of such space or areas to the people they are intended to serve.

The Commission may prescribe additional conditions and safeguards to improve the quality of the #large-scale general development# and to minimize adverse effects on the character of the surrounding area.

(a) #Use# modifications

(1) Automotive sales and service #uses#

For #large-scale general developments#, previously approved by the Commission, in a C4-7 District within the boundaries of Manhattan Community District 7, Commission may modify applicable district regulations to allow automotive sales and service establishments that include repair services and preparation for delivery, provided the Commission shall find that:

- (i) the portion of the establishment used for the servicing and preparation of automobiles is located entirely in a #cellar# level and below grade or established #curb level#, and the ground floor level of such establishment is used only for showrooms and sales;
- (ii) sufficient indoor space for storage of vehicles for sale or service has been provided; and
- (iii) such #use# will not create or contribute to serious traffic congestion and will not unduly inhibit surface traffic or adversely affect pedestrian movement.

(2) Retail establishments

For a #large-scale general development# located partially or wholly within the former Seward Park Extension Urban Renewal Area, the Commission may modify applicable district regulations to allow #uses# listed under Use Groups VI, VIII or X that would be permitted in a C6 District, except for arenas or auditoriums, trade expositions and stadiums, provided the Commission finds that:

- (i) such #uses# will not impair the character of future #uses# or development of the surrounding area; and
- (ii) the #streets# providing access to such #uses# will be adequate to handle the traffic generated thereby.

(b) Modifications of #sign# regulations

- (1) In all #Commercial# or #Manufacturing Districts#, the Commission may, for #developments# or #enlargements# subject to the provisions of paragraphs (a)(1), (a)(2) or (a)(3) of Section [74-743](#) (Special provisions for bulk modification), permit the modification of the applicable provisions of Sections [32-64](#) (Surface Area and Illumination Provisions), [32-65](#) (Permitted Projection or Height of Signs), [32-66](#) (Additional Regulations for Signs Near Certain Parks and Designated Arterial Highways), [42-63](#) (Surface Area and Illumination Provisions), [42-64](#) (Permitted Projection or Height of Signs), [42-65](#) (Additional Regulations for Signs Near Certain Parks and Designated Arterial Highways) and the limitations on the location of #signs# in Sections [32-43](#) and [42-53](#) (Limitations on Business Entrances, Show Windows or Signs), provided the Commission finds that such modification will result in a better site plan.
- (2) For a #large-scale general development# located partially or wholly within the former Seward Park Extension Urban Renewal Area, the Commission, by authorization, may make the #sign# regulations of a C6-1 District applicable to those portions of such #large-scale general development# within a C2 District, and in addition, may modify the provisions of Section [32-68](#) (Permitted Signs on Residential or Mixed Buildings) to allow #signs# #accessory# to non-#residential uses# above the level of the finished floor of the third #story#, provided such #signs# do not exceed a height of 40 feet above #curb level#. In order to grant such authorizations, the Commission shall find that such modifications are consistent with the amount, type and location of #commercial#

#uses# that the Commission finds appropriate within such #large-scale general development#.

The Commission may prescribe appropriate conditions and safeguards to minimize adverse effects on the character of the development.

74-745 - Modifications of parking and loading regulations

LAST AMENDED

6/6/2024

For a #large-scale general development# the City Planning Commission may permit:

(a) Modification of location requirements

When a #large-scale general development# includes two or more #zoning lots#, the Commission may permit required or permitted #accessory# off-street parking spaces, bicycle parking spaces or loading berths to be located anywhere within a #large-scale general development# without regard for #zoning lot# #lines#, provided that the Commission shall find:

- (1) such off-street parking spaces, bicycle parking spaces and loading berths will be conveniently located in relation to the #use# to which such spaces or berths are #accessory#;
- (2) such location of off-street parking spaces, bicycle parking spaces and loading berths will result in a better site plan; and
- (3) such location of off-street parking spaces, bicycle parking spaces and loading berths will not unduly increase the number of spaces in any single #block#, draw excessive traffic through local #streets#, or otherwise adversely affect traffic conditions in the surrounding area.

Whenever required off-street parking spaces, bicycle parking spaces and loading berths are permitted to be located without regard for #zoning# #lot lines# in accordance with the provisions of this Section, the number of spaces required for each #building# shall be kept available for such #building# throughout its life.

(b) Waiver or reduction of loading berth requirements

For #zoning lots# in a #large-scale general development#, located either within a #Special Mixed Use District# in Community District 2 in the Borough of The Bronx, or within a waterfront area pursuant to paragraph (b) of Section [62-132](#), in Community District 1 in the Borough of Brooklyn, where such #zoning lots# in the waterfront area contain one or more retail or service #uses# listed in Use Group VI, and where no single such establishment in the waterfront area exceeds 8,500 square feet in #floor area#, or for #zoning lots# located in #large-scale general developments# within #Special Mixed Use District# 24 in Community District 1 in the Borough of Queens, the Commission may waive or reduce the number of required loading berths, provided that:

- (1) curbside deliveries will not create or contribute to serious traffic congestion or unduly inhibit vehicular or pedestrian movement and will not interfere with the efficient functioning of nearby #uses#;
- (2) an efficient goods receiving system will be implemented within the #commercial# establishment to expedite the movement of goods from the curb to areas within the establishment;
- (3) such modification allows for a better relationship between the #street walls# of the #building# containing such establishment and the adjacent sidewalk and surrounding area; and

(4) such modification will not impair or adversely affect the development of the surrounding area.

(c) Reduction of parking requirements

For #buildings# on #zoning lots# in a #large-scale general development#, within R7-2 Districts in Community District 1 in the Borough of the Bronx, that contain an #affordable independent residence for seniors#, the Commission may waive or reduce the number of required #accessory# off-street parking spaces, including any spaces previously required for an existing #building#, provided that the Commission finds that:

- (1) the anticipated automobile ownership patterns for residents of such #affordable independent residence for seniors# are minimal and that such waiver or reduction is warranted;
- (2) such waiver or reduction of parking spaces will not have undue adverse impacts on the residents, businesses or community facilities in the surrounding area; and
- (3) such waiver or reduction of parking spaces will result in a better site plan with better quality open areas.

In determining the amount of parking spaces to waive or reduce, the Commission may take into account current automobile ownership patterns for an existing #affordable independent residence for seniors# on the #zoning lot#, as applicable.

The Commission may prescribe additional conditions and safeguards to minimize adverse effects on the surrounding area.

74-746 - Special provisions for development or enlargement over streets

LAST AMENDED

2/2/2011

Within a #large-scale general development#, when the volume above a #street#, or portion thereof, has been eliminated, discontinued and closed, the City Planning Commission may permit such volume to be considered part of an adjoining #zoning lot# and may allow, within such volume, a #development# or #enlargement# that is part of a #building# or #buildings# in the #large-scale general development#. In no event shall such volume contribute to the amount of #lot area# counted for the purposes of qualifying as a #large-scale general development# or generating any #floor area#.

- (a) The following conditions must be met for the #development# or #enlargement# to be permitted in such volume:
 - (1) a satisfactory ventilation plan consistent with the requirements of New York City's Departments of Transportation and Environmental Protection is provided for the #street# below the volume;
 - (2) an illumination of at least five foot candles at the #curb level# is provided for the #street# below the volume; and
- (b) In order to grant the special permit, the Commission shall find that the #development# or #enlargement# in such volume:
 - (1) is functionally necessary or will improve the internal circulation within the #large-scale general development#, or will improve vehicular or pedestrian circulation on adjacent #streets#;
 - (2) will not adversely impact the continued use of the #street#;
 - (3) will not have an adverse impact on the essential character or future use or development of the adjacent area; and
 - (4) will not unduly obstruct any significant scenic view.

The Commission may prescribe additional conditions and safeguards to minimize adverse effects on the character of the surrounding area.

74-747 - Previously granted special permits

LAST AMENDED

2/2/2011

Any #development# or #enlargement# granted a special permit by the City Planning Commission under previous Section [74-74](#) (Commercial Development Extending into More than One Block) prior to February 22, 1990, may be started or continued pursuant to that special permit.

The Commission may administratively, upon application, allow modifications of the special permit granted under previous Section [74-74](#) (Commercial Development Extending into More than One Block) before February 22, 1990.

In no event may the Commission grant a modification of a special permit approved prior to February 22, 1990, that would require additional #bulk# distribution among #zoning lots# or modification of the height and #lot coverage# limitations previously established. Any modifications exceeding the limitations set forth herein shall be subject to the provisions of the new Section [74-74](#) (Large-scale General Development).

No existing #publicly accessible open area# or other public amenity for which a #floor area# bonus or any increase in tower coverage above 40 percent of the #lot area# of the #zoning lot# has been received under previous Section [74-74](#) (Commercial Development Extending into More than One Block) prior to February 22, 1990, shall be eliminated or reduced in size except by special permit of the Commission pursuant to a finding that a proposed change will provide a greater public benefit in the light of the public amenity's purpose.

Any #sign# shown on a site plan incorporated as part of a special permit of the Commission under the provisions of Section [74-74](#) (Large-scale General Development) prior to February 27, 2001, may be erected and maintained in accordance with such special permit.

74-75 - Educational Construction Fund Projects

LAST AMENDED

8/24/2017

74-751 - Educational Construction Fund in certain districts

LAST AMENDED 7/8/2025

In R5 through R12 Districts, in #Commercial Districts# mapped within, or with a #residential equivalent# of R5 through R12 Districts, and in C7 Districts, for combined #school# and #residences# including air rights over #schools# built on a #zoning lot# owned by the New York City Educational Construction Fund, the City Planning Commission may permit utilization of air rights; modify the requirements that open area be accessible to and usable by all persons occupying a #dwelling unit# or #rooming unit# on the #zoning lot# in order to qualify as #open space#; permit ownership, control of access and maintenance of portions of the #open space# to be vested in the New York City Educational Construction Fund or City agency successor in title; permit modification of #yard# regulations and height and setback regulations; permit the distribution of #lot coverage# without

regard for #zoning# #lot lines# for a #zoning lot# containing the Co-op Tech High School in Manhattan Community District 11; authorize the total #floor area#, #open space#, #dwelling units# or #rooming units# permitted by the applicable district regulations on such site to be distributed without regard for district boundaries; and authorize an increase of 25 percent in the number of #dwelling units# or #rooming units# permissible under the applicable district regulations. For the purposes of this Section, a #zoning lot# owned by the New York City Educational Construction Fund may also include a tract of land under single fee ownership or alternate ownership arrangements according to the #zoning lot# definition in Section [12-10](#), when such tract of land includes a parcel which was the site of a public school listed in the following table.

School	Community District
P.S. 151	CD 8, Manhattan

The total number of #dwelling units# or #rooming units# and #residential# #floor area# shall not exceed that permissible for a #residential# #building# on the same #zoning lot#.

The distribution of #bulk# on the #zoning lot# shall permit adequate access of light and air to the surrounding #streets# and properties.

As further conditions for such modifications:

- (a) the #school# and the #residence# shall be #developed# as a unit in accordance with a plan approved by the Commission;
- (b) at least 25 percent of the total #open space# required by the applicable district regulations, or such greater percentage as may be determined by the Commission to be the appropriate minimum percentage, shall be accessible exclusively to the occupants of such #residence# and under the direct control of its management;
- (c) notwithstanding the provisions of Section [23-734](#) (Permitted obstructions in open space), none of the required #open space# shall include driveways, private streets, open #accessory# off-street parking spaces or open #accessory# off-street loading berths; and
- (d) the Commission shall find that:
 - (1) a substantial portion of the #open space# which is not accessible exclusively to the occupants of such #residence# will be accessible and usable by them on satisfactory terms part-time;
 - (2) playgrounds, if any, provided in conjunction with the #school# will be so designed and sited in relation to the #residence# as to minimize any adverse effects of noise; and
 - (3) all #open space# will be arranged in such a way as to minimize friction among those using #open space# of the #buildings or other structures# on the #zoning lot#.

The Commission shall give due consideration to the landscape design of the #open space# areas. The Commission shall also give due consideration to the relationship of the #development# to the #open space# needs of the surrounding area and may require the provision of a greater amount of total #open space# than the minimum amount required by the applicable district regulation where appropriate for the purpose of achieving the #open space# objectives of the #Residence District# regulations.

The Commission may prescribe other appropriate conditions and safeguards to enhance the character of the surrounding area.

74-752 - Educational Construction Fund projects in certain areas

In C6-9 Districts within the #Special Downtown Brooklyn District#, for #developments#, #enlargements# or #conversions# that include one or more #schools# on a tract of land owned by the New York City Educational Construction Fund, the City Planning Commission may permit the modifications set forth in paragraph (a) of this Section. For the purposes of this Section, a tract of land owned by the New York City Educational Construction Fund may also include a tract of land under single fee ownership or alternate ownership arrangements according to the #zoning lot# definition in Section [12-10](#), when such tract of land includes a parcel which was the site of a public school.

(a) Modifications

The Commission may modify:

- (1) applicable ground floor #use# regulations;
- (2) in a #Mandatory Inclusionary Housing area#, the affordable housing requirements of Section [27-131](#) (Mandatory Inclusionary Housing);
- (3) other #bulk# regulations, except that the maximum permitted #floor area ratio# may not be increased; and
- (4) #accessory# off-street parking and loading berth requirements.

(b) Findings

To grant a special permit pursuant to this Section, the Commission shall find that:

- (1) such modifications will facilitate the construction of one or more #schools# on the #zoning lot#;
- (2) such ground floor #use# modifications will improve the layout and design of the #school# or #schools#, shall not have an adverse effect on the #uses# located within any portion of the #zoning lot# and will not impair the essential character of the surrounding area;
- (3) such modifications to the affordable housing requirements in a #Mandatory Inclusionary Housing area# will facilitate significant public infrastructure or public facilities, including one or more #schools#, addressing needs that are not created by the proposed #development#, #enlargement# or #conversion#;
- (4) such #bulk# modifications will result in a better site plan for the #school# or #schools# and will have minimal adverse effects on the surrounding area;
- (5) such parking and loading modifications will improve the layout and design of the school and will not create serious traffic congestion or unduly inhibit vehicular or pedestrian movement and will not impair or adversely affect the development of the surrounding area.

The Commission may prescribe additional conditions and safeguards to minimize adverse effects on the character of the surrounding area.

74-76 - Plazas

74-761 - Elimination or reduction in size of bonused public amenities

LAST AMENDED
10/17/2007

In all districts, the City Planning Commission may, by special permit, allow the elimination or reduction in size of any existing #publicly accessible open area#, #arcade# or other public amenity, open or enclosed, for which a #floor area# bonus has been utilized, provided that such reduction or elimination shall not create a #floor area# #non-compliance# on the #zoning lot#.

In granting such special permit, the Commission shall find that:

- (a) such elimination or reduction is adequately compensated by the substitution of another public amenity or improvement on the #zoning lot# that shall provide equal or increased public benefit; and
- (b) for #publicly accessible open areas# any remaining bonused open area will comply to the maximum extent feasible with the standards of #public plazas# as set forth in Section [37-70](#).

However, the Commission may waive the provisions of paragraph (b) of this Section if it finds that such standards for #public plazas# would compromise the design integrity of the #publicly accessible open area# or would result in the loss of significant design elements or character that are integral components of the #publicly accessible open area's# design.

The Commission may prescribe additional conditions to enhance the relationship of public open areas, #buildings# or other amenities on the #zoning lot#, to the surrounding areas.

74-77 - Artists' Centers

LAST AMENDED
8/12/1969

In C6-1, C6-2, C6-3 or C6-4 Districts, for alterations or additions to existing #buildings#, to be occupied as living and working quarters by #artists# engaged in the visual or performing arts, with or without related community studio space, the City Planning Commission may permit #residential# and non-#residential uses# to be arranged within the #building# without regard for the regulations set forth in Section [32-42](#) (Location Within Buildings). For alterations of such #buildings# but not for additions, the Commission may permit modifications of the regulations set forth in Sections [23-35](#) to [23-37](#), inclusive, relating to Court Regulations and Minimum Distance between Windows or Walls or Lot Lines and may permit modification of the requirements set forth in Sections [23-33](#) to [23-34](#), inclusive, relating to #rear# and #side yard# regulations.

As a condition precedent to the grant of such special permit, the Commission shall make the following findings:

- (a) that the location, design and construction of such #building# particularly suit it to use as an #artists'# center, and that full realization of these advantages requires modification of the regulations controlling arrangement of #residential# and non-#residential uses# within the #building#, or modification of the #court# regulations or the required distance between #legally required windows# and existing walls or #lot lines#, or modification of the #rear# and #side yard# requirements; and
- (b) that an organization has been established for assuring that the #dwelling units# will be occupied by persons who qualify as #artists#.

For the purposes of this Section, non-#commercial# studio space for use in common by artists residing in the #building# may be classified as a #community facility use#.

74-78 - Conversions of Non-residential Floor Area

LAST AMENDED
2/2/2011

74-781 - Modifications by special permit of the City Planning Commission of uses in M1-5B Districts

LAST AMENDED
12/5/2024

In M1-5B Districts, the City Planning Commission may, after public notice and hearing and subject to Board of Estimate approval, permit modification paragraphs (a)(3), (a)(4) and (b) of Section [42-315](#) (Use regulations in M1-5B Districts), provided that the Commission finds that the owner of the space, or a predecessor in title, has made a good faith effort to rent such space to a mandated #use# at fair market rentals. Such efforts shall include but not be limited to: advertising in local and citywide press, listing the space with brokers and informing local and citywide industry groups. Such efforts shall have been actively pursued for a period of no less than six months for #buildings# under 3,600 square feet and one year for #buildings# over 3,600 square feet, prior to the date of the application for a special permit

74-79 - Transfer of Development Rights From Landmark Sites

LAST AMENDED
12/5/2024

The City Planning Commission may permit the allowances in paragraph (a) provided that the findings in paragraph (b) are met,

- (a) The Commission may permit:
 - (1) in #Commercial Districts# or #Manufacturing Districts# where the maximum #floor area ratio# for non-#residential uses# is 15.0 or greater, a transfer of development rights pursuant to Section [75-42](#) (Transfer of Development Rights From Landmarks) that exceeds the maximum #floor area# allowable on such #zoning lot# by more than 30 percent; or
 - (2) in all districts, for #developments# or #enlargements#, #bulk# modifications, other than #floor area ratio#, to be made in conjunction with a transfer of development rights pursuant to Section [75-42](#).
- (b) In order to grant such special permit, the Commission shall find that:
 - (1) the proposed modifications will not unduly obstruct access to light and air to adjoining properties or #streets#; and
 - (2) the proposed scale and placement of the #development# or #enlargement# relates harmoniously with the surrounding area.

The Commission may prescribe appropriate conditions and safeguards to minimize adverse effects on the character of the surrounding area.
