LAST AMENDED

8/15/2024

In conjunction with an application pursuant to Section [145-411](#) (Certification for public realm improvements in Subdistrict A), the City Planning Commission may, by authorization, allow the total #floor area#, #lot coverage#, #dwelling units# or #rooming units# permitted by the applicable district regulations for all #zoning lots# within Subdistrict A to be distributed without regard for #zoning# lot lines. Additionally, the Commission may modify other #bulk# regulations, other than #floor area ratio#.

All such modifications shall be subject to the conditions and limitations set forth in paragraph (a), the application requirements of paragraph (b) and the findings set forth in paragraph (c) of this Section.

(a) Conditions and limitations

For #zoning lots# or portions thereof within 150 feet of Bronxdale Avenue, modifications to maximum permitted #building# height shall not apply.

For #zoning lots# or portions thereof beyond 150 feet of Bronxdale Avenue, the maximum permitted #building# height may be modified provided that such modification does not result in an increase that exceeds 13 percent of the maximum #building# height, as set forth in paragraph (b) of Section [145-23](#) (Height and Setback Regulations).

Applications for an authorization for modifications pursuant to this Section shall contain materials, of sufficient scope and detail, to enable the Commission to determine the extent of the proposed modifications.

(c) Findings

The Commission shall find that:

- (1) such distribution of #floor area#, #lot coverage#, #dwelling units#, or #rooming units# will result in a better site plan, and will not:
 - (i) unduly increase the #bulk# of #buildings# to the detriment of the occupants of #buildings# in the #block# or nearby #blocks#; or

- (ii) adversely affect any other #zoning lots# outside of the Subdistrict, by restricting access to light and air; and
- (2) modifications to other #bulk# regulations will not unduly obstruct the access of light and air to surrounding #streets# and properties nor adversely affect the character of the surrounding area, and will result in an improved distribution of #bulk# that is harmonious with the surrounding area.

The City Planning Commission may prescribe appropriate conditions and safeguards to minimize adverse effects on the character of the surrounding area.

145-421 - Certification for transfer of floor area

LAST AMENDED

8/15/2024

The Chairperson of the City Planning Commission shall allow, by certification, a transfer of #floor area# from the Improvement Area located in Subarea B1, as shown on Map 4 (Subdistrict B, Morris Park Avenue Site Plan) in the Appendix to this Chapter, to a #zoning lot# fronting on Morris Park Avenue or other #zoning lots# on the #block# contiguous to the Improvement Area. Such certification for a transfer of #floor area# shall be subject to the conditions of paragraph (a), and application requirements of paragraph (b) of this Section.

For the purposes of this Section, the “granting site” shall mean the Improvement Area that transfers #floor area# pursuant to this Section, and a “receiving site” shall mean a #zoning lot# that receives additional #floor area# pursuant to this Section.

(a) Conditions

- (1) the maximum amount of #floor area# that may be transferred from the granting site shall equal the area designated on Map 4 multiplied by the maximum #floor area ratios# pursuant to the zoning district within Subdistrict B. Each transfer, once completed, shall irrevocably reduce the amount of #floor area# that may be transferred; and
- (2) all certificates of occupancy have been surrendered for such granting site, and all structures on such granting site have been demolished.

(b) Application requirements

An application filed with the Chairperson for certification pursuant to this Section shall be

made jointly by the owners of the granting site and the receiving site. Such application shall include site plans and zoning calculations for the granting site and receiving site showing the additional #floor area# associated with the transfer.

Notice of the restrictions upon further #development# or #enlargement# of the granting site and the receiving site shall be filed by the owners of the respective lots in the Office of the Register of the City of New York (County of New York). Proof of recordation shall be submitted to the Chairperson. Both the transfer instrument and the notices of restrictions shall specify the total amount of #floor area# transferred and shall specify, by #block# and lot numbers, the granting site and the receiving site that are a party to such transfer.

The Chairperson shall certify to the Department of Buildings that a #development# or #enlargement# is in compliance with the provisions of this Section only after the transfer instrument and notice of restrictions required by this paragraph have been executed and recorded with proof of recordation provided to the Chairperson. Such certification shall be a precondition to the filing for or issuing of any building permit allowing more than the basic maximum #floor area ratio# for such #development#.

No temporary certificate of occupancy shall be granted by the Department of Buildings for the portion of the #building# utilizing #floor area# associated with the transfer on the receiving site until the granting site has been conveyed to the City for improvement, as a #street#, as provided on the City Map.

A separate application shall be filed for each transfer of #floor area# to any receiving site pursuant to this Section.

(d) Findings

In order to grant such #floor area# bonus, the Commission shall find that:

- (1) the public benefit derived from such improvements merits the amount of additional #floor area# being granted to the proposed #development# pursuant to the authorization;
- (2) for accessibility or capacity-enhancing improvements for the #mass transit station#, newly created or expanded accessible routes for persons with physical disabilities, or measures to improve station ingress and egress routes or platform capacity, such improvements will constitute significant enhancements to connectivity from the pedestrian circulation network to and through the #mass transit station#; and
- (3) for publicly accessible open spaces, the proposed improvements will, to the extent practicable:

- (i) consist of a prominent space of generous proportions and quality design that is inviting to the public, resulting in high-quality public space;

- (iii) be designed in a manner that is cohesive and harmonious with the pedestrian circulation network.

(e) Additional requirements

For all applications, additional requirements set forth in this paragraph shall apply.

- (1) For applications involving accessibility or capacity-enhancing improvements to the #mass transit station# the following requirements shall be met prior to the granting of such #floor area# bonus:

Where the Metropolitan Transportation Authority deems necessary, such executed agreement shall set forth obligations of the applicant to provide a performance bond or other security for completion of the

improvement in a form acceptable to the #transit agency#; and

- (ii) The City Planning Commission shall be provided with a final letter of approval from the Metropolitan Transportation Authority stating that the drawings and other documents submitted by the applicant have been determined by such #transit agency# to be of sufficient scope and detail to describe the size and character of the improvement as to architectural, structural, mechanical and electrical systems, materials, relationship to existing site conditions and such other conditions as may be appropriate, and that the construction of the improvement in accordance with such submission is feasible.
- (2) Prior to obtaining a foundation permit or building permit from the Department of Buildings, a written declaration of restrictions, in a form acceptable to the Chairperson of the City Planning Commission, containing complete drawings of the improvements and setting forth the obligations of the owner, its successors and assigns, shall be recorded against such property in the Borough Office of the City Register of the City of New York. Proof of recordation of the declaration of restrictions shall be submitted in a form acceptable to the Department of City Planning.
- (3) No temporary certificate of occupancy shall be granted by the Department of Buildings for the portion of the #building# utilizing bonus #floor area# granted pursuant to the provisions of this Section until the required improvements have been substantially completed, as determined by the Chairperson, where applicable, and such improvements are usable by the public. Such portion of the building utilizing bonus #floor area# shall be designated by the Commission in drawings included in the declaration of restrictions filed pursuant to this paragraph.

No permanent certificate of occupancy shall be granted by the Department of Buildings for the portion of the #building# utilizing bonus #floor area# until all improvements
