24-18 - Special Floor Area Ratio and Related Bulk Provisions for Certain Areas

LAST AMENDED

12/5/2024

24-181 - Special provisions for certain buildings

LAST AMENDED

12/5/2024

For **#sky exposure plane buildings#** in R6 through R9 Districts without a letter suffix, the applicable **#floor area ratio#** and **#open space ratio#** provisions of Section [23-73](#) (Special Provisions for Sky Exposure Plane Buildings), inclusive, shall be modified by the provisions of this Section.

(a) **#Open space ratio# for #residential# portions of #buildings#**

For **#zoning lots#** containing a **#residential building#** or for the **#residential#** portion of a **#mixed building#**, a minimum **#open space ratio#** shall be provided in accordance with Section [23-70](#). For the purposes of applying such regulations:

- (1) **the #floor area# counted in determining the #open space ratio# shall be only that #floor area# in the #residential# portion of the #building#;**
- (2) **the #lot coverage# shall be deemed to be that portion of the #zoning lot# which, when viewed directly from above, would be covered by the #residential# portion of the #building# at any level; and**

- (3) the applicable #height factor#, if the maximum permitted #residential# #floor area ratio# is less than the total #floor area ratio# permitted for such #building#, shall be the #height factor# of the #residential# portion of the #building#.

A non-#residential# #use# occupying a portion of a #building# that was in existence on December 15, 1961, may be changed to a #residential# #use# and the regulations on minimum required #open space ratio# shall not apply to such change of #use#.

(b) Location of #open space#

The #open space# required for a #residential building# or for the #residential# portion of a #mixed building# under the provisions of paragraph (a) of this Section may be provided at ground floor level or upon the roof of a #building#. #Open space# on a roof may be located at a level higher than 23 feet above #curb level# on a #community facility# #building# or the #community facility# portion of a #building#, provided that the level of any #open space# may not be higher than 2 feet, 6 inches below the sill level of any #legally required window# opening on such roof area, in the #residential# portion of a #building# used partly for #community facility# and #residential uses#. However, #open space# located on the roof of a #community facility# #building# separated by open area from #residential# #buildings# or #buildings# used partly for #community facility# and #residential uses# on the same #zoning lot# may not be at a level higher than 23 feet above #curb level#.

For the purposes of this Section, #abutting# #buildings# on a single #zoning lot# may be considered to be a single #building#.
