28-31 - Density per Corridor

LAST AMENDED

3/22/2016

If the number of #dwelling units# served by a #vertical circulation core# and corridor on each #story# does not exceed the number set forth in the following table, 50 percent of the square feet of the corridor serving such #dwelling units# on such #story# may be excluded from the definition of #floor area#.

#Dwelling units# with entrance doors on more than one corridor (duplex and triplex units), may count each entrance door as a fraction of the total number of doors to such #dwelling unit# when determining the number of #dwelling units# served per corridor.
