In all districts, as indicated, for all #accessory# off-street parking spaces, open or enclosed, each 300 square feet of unobstructed standing or maneuvering area shall be considered one parking space. However, an area of less than 300 square feet, but in no event less than 200 square feet, may be considered as one space, where the layout and design of the parking area are adequate to permit convenient access and maneuvering in accordance with regulations promulgated by the Commissioner of Buildings, or where the developer or applicant for a building permit or certificate of occupancy certifies that such spaces will be fully attended.

Driveways used to access required parking spaces must be unobstructed for a width of at least eight feet and a height of eight feet above grade and, if connecting to a #street#, such driveway may only be accessed by a curb cut.

In any case where a reduction of the required area per parking space is permitted on the basis of the developer's certification that such spaces will be fully attended, it shall be set forth in the certificate of occupancy that paid attendants employed by the owners or operators of such spaces shall be available to handle the parking and moving of automobiles at all times when such spaces are in use.

In no event shall the dimensions of any parking stall be less than 18 feet long and 8 feet, 6 inches wide.

In the Borough of Staten Island and in #lower density growth management areas# in Community District 10 in the Borough of the Bronx, for #commercial# or #community facility# #uses#, each required parking space not within a #building# shall be within a parking stall accessed from a travel aisle, where each such stall and aisle complies with the maneuverability standards of paragraph (b) of Section [36-58](#) (Parking Lot Maneuverability and Curb Cut Regulations). The use of an attendant shall be permitted only where necessary to accommodate additional, non-required parking spaces within the travel aisles. For such parking areas with 18 or more spaces, or greater than 6,000 square feet in area, the provisions of Section [37-90](#) (PARKING LOTS) shall also apply.
