R1 R2 R3 R4 R5

In the districts indicated, a minimum percentage of the area of the #front yard# shall be planted, which shall vary by #street# frontage of the #zoning lot# as set forth in the following table. For the purposes of this Section, the #front yard# shall include the entire area between all #street walls# of the #building# and their prolongations and the #street line#. Planted areas shall be comprised of any combination of grass, groundcover, shrubs, trees or other living plant material, and shall have a minimum dimension of one foot, exclusive of any bounding walls. Any planted area within a driveway or parking space shall not qualify towards meeting the minimum planting requirements of this Section. For #through lots# or #corner lots#, the planting requirement of this Section shall be applied separately to each #street# frontage. For #corner lots#, planted areas of overlapping portions of #front yards# shall only be counted towards the planting requirement of one #front yard#. For #zoning lots# with multiple #building segments#, the planting requirement of this Section shall be applied separately to the entire area between the #street wall# of each #building segment# and the #street line#.

Where multiple #buildings# on a single #zoning lot# front upon the same #street#, the planting requirements of this Section shall be determined by the #street# frontage allocated to the area occupied by each such #building# and applied separately to the entire area between the #street line# and the #street wall# of each #building# and its prolongation. The allocation of planting requirements to open areas between #buildings# shall be determined by dividing such open area evenly, with an equal portion attributed to each #building# on both sides of such open area.

Any #zoning lot# occupied by a #building# constructed after April 30, 2008, shall provide planted areas in accordance with the provisions of this Section. Any #zoning lot# occupied by a #building# constructed prior to such date shall not be altered in any way that will either create new #non-compliance# or increase the degree of #non-compliance# with the provisions of this Section.
