37-716 - Requirements for minor portions of public plazas

LAST AMENDED

10/17/2007

Minor portions of #public plazas# are secondary areas that allow for additional flexibility in the shape and configuration of a #public plaza#. Minor portions shall not occupy more than 25 percent of the total area of the #public plaza#. The width of a minor portion shall be measured parallel to the line separating the major and minor portions. The depth of a minor portion shall be measured perpendicular to the line separating the major and minor portions. The provisions of Section [37-715](#) (Requirements for major portions of public plazas) shall not apply to such minor portions and the following regulations shall apply:

- (a) The minor portion shall have a minimum average width and depth of 15 feet.
- (b) The minor portion must be directly adjacent to the major portion.
- (c) All points within the minor portion must be visible from within the major portion when viewed perpendicular to the line separating the major and minor portions.
- (d) The minor portion must front directly on a #street# adjoining the major portion, unless the minor portion has:
 - (1) a width to depth ratio of at least 3:1; and
 - (2) its longest dimension contiguous with the major portion.
