35-655 - Additional regulations

LAST AMENDED

3/22/2016

C1 C2 C4 C5 C6

In the districts indicated, for #Quality Housing buildings#, the following additional provisions shall apply:

- (a) Existing #buildings# may be vertically enlarged by up to one #story# or 15 feet without regard to the #street wall# location requirements of Section [35-651](#).
- (b) On #through lots# that extend less than 180 feet in maximum depth from #street# to #street#, the #street wall# location requirements of Section [35-651](#) shall be mandatory along only one #street# frontage. However, in C4-4L Districts, such #street wall# location regulations shall apply along the frontage of any #street# containing an elevated rail line.
- (c) The #street wall# location and minimum base height provisions of Sections [35-651](#) and [35-652](#), respectively, shall not apply along any #street# frontage of a #zoning lot# occupied by #buildings# whose #street wall# heights or widths will remain unaltered.
- (d) The minimum base height provisions of Section [35-652](#) shall not apply to #buildings developed# or #enlarged# after February 2, 2011, that do not exceed such minimum base heights, except where such #buildings# are located on #zoning lots# with multiple #buildings#, one or more of which is #developed#, #enlarged# or altered after February 2, 2011, to a height exceeding such minimum base heights.
- (e) The City Planning Commission may, upon application, authorize modifications in the required #street wall# location of a #development# or #enlargement# if the Commission finds that existing #buildings#, or existing open areas serving existing #buildings# to remain on the #zoning lot#, would be adversely affected by the location of the #street walls# of the #development# or #enlargement# in the manner prescribed in this Section.
- (f) For any #zoning lot# located in a Historic District designated by the Landmarks Preservation Commission, the minimum base height and #street wall# location regulations of this Section, or as modified in any applicable Special District, shall be modified as follows:
 - (1) The minimum base height of a #street wall# may vary between the height of the #street wall# of an adjacent #building# before setback, if such height is lower than the minimum base height required, up to the minimum base height requirements of Section [35-652](#), or as modified in any applicable Special District.
 - (2) The maximum base height of a #street wall# may vary between the height of the #street wall# of an adjacent #building# before setback, if such height is higher than the maximum base height allowed, and the maximum base height requirements of Section [35-652](#), provided that such height not exceed 150 feet and provided that such #zoning lot# is located within the area bounded by West 22nd Street, a line 100 feet west of Fifth Avenue, a line midway between West 16th Street and West 17th Street, and a line 100 feet east of Sixth Avenue.
 - (3) The location of the #street wall# of any #building# may vary between the #street wall# location requirements of Section [35-651](#), or as modified in any applicable Special District, and the location of the #street wall# of an adjacent #building# fronting on the same #street line#.
- (g) In C6-3D Districts, where a #building# on an adjacent #zoning lot# has #dwelling unit# windows located within 30 feet of a #side lot line# of the #development# or #enlargement#, an open area extending along the entire length of such #side lot line# with a minimum width of 15 feet shall be provided. Such open area may be obstructed only by the permitted obstructions set forth in Section [33-23](#) (Permitted Obstructions in Required Yards or Rear Yard Equivalents).

- (h) For the purposes of applying the #street wall# location regulations of paragraph (b) of this Section, any #building# wall oriented so that lines perpendicular to it would intersect a #street line# at an angle of 65 degrees or less shall not be considered a #street wall#.

- (i) For the purposes of applying the #street wall# location as well as the height and setback provisions of Sections [35-651](#) and [35-652](#), respectively, where the Administrative Code establishes restrictions on the location of #buildings# on lots fronting upon and within 30 feet of Eastern Parkway in Community Districts 8 and 9 in the Borough of Brooklyn, lines drawn 30 feet north of and 30 feet south of, and parallel to, Eastern Parkway shall be considered the northern and southern #street lines# of Eastern Parkway.
