54-314 - Modification by authorization

LAST AMENDED

7/26/2001

In R6, R7 or R8 Districts, for any substantial rehabilitation of one or more #non-complying# multiple dwellings which were in existence prior to December 15, 1961, the City Planning Commission may authorize the existing #open space# on the #zoning lot# to be reduced by not more than five percent and the existing #building floor area# on such #zoning lot# to be increased by not more than five percent, if the Commission finds that such modification of the applicable #bulk# regulations as set forth in Section 54-31 will result in an improved apartment design with adequate access of light and air and an improved circulation system. In the #Special Clinton District#, such authorizations may apply to complying multiple dwellings and may include a five percent increase in #lot coverage# and #floor area#. The Commission, in making the findings above may round out the #floor area# or #lot coverage# increase to the nearest percent.

No increase in the existing density and apartment #floor area# shall be permitted for such #buildings#.
