

Zoning Resolution

THE CITY OF NEW YORK

Eric Adams, Mayor

CITY PLANNING COMMISSION

Daniel R. Garodnick, Chair

64-411 - For residential buildings with below-grade parking

File generated by <https://zr.planning.nyc.gov> on 11/27/2022

64-411 - For residential buildings with below-grade parking

LAST AMENDED

5/12/2021

R1 R2 R3 R4 R5

In the districts indicated, other than R4B and R5B Districts, where existing below-grade off-street parking facilities within #residential buildings# are eliminated and, in compliance with #flood-resistant construction standards#, are filled in, #accessory# off-street parking spaces may be relocated from such garages to the side or rear of such #buildings#, or to the #front yard# driveway that accessed the former garage, or to a shared driveway along a common #side lot line#, and such relocated parking spaces need not comply with the underlying parking location, curb cut spacing or permitted obstruction regulations that limit parking, provided that:

- (a) no more than two parking spaces may be located in tandem (one behind the other);
- (b) each relocated parking space shall have a dimension that conforms with the minimums set forth in Section [25-62](#) (Size and Location of Spaces); and
- (c) where eliminated garages were accessed by a driveway less than 18 feet long, such driveway and curb cut shall be eliminated, and the former driveway planted to the extent necessary to comply, or increase compliance, with the provisions of Section [23-451](#) (Planting requirement) as if the #building# on the #zoning lot# was constructed after April 30, 2008.

Notwithstanding the modifications above, no modification to the maximum number of curb cuts on a #zoning lot# or the minimum or maximum width of a curb cut, shall be permitted.

In the event that there is no way to arrange relocated required parking spaces on the #zoning lot# in compliance with the provisions of this Section, given that #buildings# existing on May 12, 2021, will remain, the Commissioner of Buildings may waive the requirement for such spaces.
