62-657 - Bicycle racks

File generated by https://zr.planning.nyc.gov on 9/12/2026

62-657 - Bicycle racks

LAST AMENDED
4/22/2009

Each bicycle rack shall allow for the bicycle frame and one wheel to be locked to the rack. If bicycles can be locked to each side of the rack, each side may be counted as a required space. Thirty inches of maneuverable space shall be provided between parallel bicycle racks and an eight foot wide aisle shall be provided between bicycle rack areas.
