LAST AMENDED
4/22/2009

As a condition precedent to its approval of a Waterfront Access Plan, the City Planning Commission shall find, in its report to the City Council for adoption, that such plan:

(b) meets any of the following:

(1) is necessary to link #public parks# or other public areas along the waterfront or to the waterfront, and such linkage would not necessarily be achieved solely by the provisions of Sections 62-34 (Height and Setback Regulations on Waterfront Blocks), 62-50 (GENERAL REQUIREMENTS FOR VISUAL CORRIDORS AND WATERFRONT PUBLIC ACCESS AREAS) and 62-60 (DESIGN REQUIREMENTS FOR WATERFRONT PUBLIC ACCESS AREAS);

(2) is necessary to accommodate unique shore conditions or the retention of existing #buildings or other structures#, including bridges, viaducts or railways that would not be adequately accommodated by the provisions of Sections 62-50 and 62-60;

(3) is necessary to accommodate unique topography or natural features, such as wetlands conditions, significant grade changes, geologic formations, natural vegetation or wildlife habitats, which natural features or topography would not be adequately accommodated by the provisions of Sections 62-34, 62-50 and 62-60;

(4) is necessary to create a better physical or visual relationship of the waterfront to significant upland #streets# or preserves significant views of the water or historic structures from such #streets#, which would not necessarily be achieved by the provisions of Sections 62-34, 62-50 and 62-60;

(5) is necessary to achieve public access to the waterfront in an area characterized by large undeveloped tracts of land with a limited number of public #streets# leading to the shore;

(6) is necessary to maintain #visual corridors# that would be extinguished by a #street# de-mapping after October 25, 1993, or maintains #visual corridors# from certain upland #streets# that would be exempted from such requirements as the result of an intervening #street# mapping after October 25, 1993; or

(7) is necessary to retain the #bulk# regulations of Section 62-30 on certain #blocks# that would be exempted from such requirements as the result of an intervening #street# mapping after October 25, 1993.
