74-21 - Conditions and Safeguards

LAST AMENDED

8/16/1979

The City Planning Commission may prescribe such conditions and safeguards to the grant of special permits as it may deem necessary in the specific case, in order to minimize the adverse effects of such special permit upon other property and the community at large. Such conditions and safeguards shall be incorporated in the building permit and certificate of occupancy. Failure to comply with such conditions or restrictions shall constitute a violation of this Resolution, and may constitute the basis for denial or revocation of a building permit or certificate of occupancy and for all other applicable remedies.
