74-41 - Arenas, Auditoriums, Stadiums or Trade Expositions

LAST AMENDED
12/10/2013

C4 C6 C7 C8 M1 M2 M3

(a) The City Planning Commission may permit arenas, auditoriums or stadiums with a capacity in excess of 2,500 seats, or trade expositions with a rated capacity in excess of 2,500 persons, provided that the following findings are made:

(1) that the principal vehicular access for such use is not located on a local street but is located on an arterial highway, a major street or a secondary street within one-quarter mile of an arterial highway or major street;

(2) that such use is so located as to draw a minimum of vehicular traffic to and through local streets in nearby residential areas;

(3) that such use is not located within 200 feet of a Residence District;

(4) that adequate reservoir space at the vehicular entrance, and sufficient vehicular entrances and exits, are provided to prevent traffic congestion;

(5) that vehicular entrances and exits for such use are provided separately and are located not less than 100 feet apart; and

(6) that due consideration has been given to the proximity of bus and rapid transit facilities to serve such use.

(b) In Community District 7 in the Borough of the Bronx, the Commission may permit an indoor arena with a maximum seating capacity of 6,000 within 200 feet of a Residence District and, in conjunction with such arena, permit modifications of the provisions of Sections 32-64 (Surface Area and Illumination Provisions), 32-655 (Height of signs in all other Commercial Districts), and 36-62 (Required Accessory Off-street Loading Berths), provided that:

(1) the provisions of paragraphs (a)(1), (a)(2), (a)(4), (a)(5) and (a)(6) of this Section are met;

(2) open space surrounding such arena will be located and arranged to provide adequate pedestrian gathering areas to minimize disruption to the surrounding areas;
(3) the arena includes noise attenuation features and measures which serve to reduce arena-related noise in the surrounding area, including at nearby residences;

(4) where Sections 32-64 and 32-655 are modified, a signage plan has been submitted showing the location, size, height and illumination of all signs on the zoning lot, and the Commission finds that all such signs, and any illumination from or directed upon such signs, are located and arranged so as to minimize any negative effects from the arena use on nearby residences; and

(5) where Section 36-62 is modified, a loading plan has been submitted that addresses the operational needs of all servicers of the arena and shows the number, location and arrangement of all loading berths on the zoning lot, and the Commission finds that such loading plan is adequate to address the loading demand generated by the arena use and has received assurances that the arena operator will implement such plan in accordance with its terms.

The Commission may prescribe appropriate conditions and safeguards to minimize adverse effects on the character of the surrounding area, including limitations on signs, requirements for soundproofing of arenas or auditoriums, shielding of floodlights, screening of open uses or surfacing all access roads or driveways. The Commission may also prescribe requirements for pedestrian-accessible open areas surrounding the arena, auditorium or stadium, including accessory directional or building identification signs located therein. In addition, within Pennsylvania Station Subarea B4 of the Special Hudson Yards District, design changes to existing plazas located within such pedestrian-accessible open areas may be made without a certification by the Chairperson of the Commission pursuant to Section 37-625, and the design standards of Section 37-70, inclusive, shall not apply to such plazas.

74-42 - Drive-in Theaters

LAST AMENDED
2/2/2011

In C7 or C8 Districts or any Manufacturing District, the City Planning Commission may permit drive-in theaters, limited to a maximum capacity of 500 automobiles, provided that the following findings are made:

(a) that the principal vehicular access for such use is not located on a local street or an arterial highway but is located on a major or secondary street within one-quarter mile of an arterial highway;

(b) that such use is so located as to draw a minimum of vehicular traffic to and through local streets in nearby residential areas;

(c) that such use is not located within 200 feet of a Residence District;

(d) that adequate reservoir space at the vehicular entrance, and sufficient vehicular entrances
and exits, are provided to prevent congestion; and

(e) that vehicular entrances and exits for such use are provided separately and are located not less than 100 feet apart.

The Commission may prescribe appropriate conditions and safeguards to minimize adverse effects on the character of the surrounding area, including limitations on signs or requirements for shielding of floodlights, screening or surfacing all access roads or driveways.

74-43 - Racetracks

LAST AMENDED
2/2/2011

In C8 Districts or any Manufacturing District, the City Planning Commission may permit racetracks, provided that the following findings are made:

(a) that the principal vehicular access for such use is not located on a local street but is located either on an arterial highway, a major street, or a secondary street within one-quarter mile of an arterial highway or major street;

(b) that such use is so located as to draw a minimum of vehicular traffic to and through local streets in nearby residential areas;

(c) that adequate reservoir space at the vehicular entrance, and sufficient vehicular entrances and exits, are provided to prevent congestion;

(d) that vehicular entrances and exits for such use are provided separately and are located not less than 100 feet apart; and

(e) that, in selecting the site, due consideration has been given to the proximity and adequacy of bus and rapid transit facilities.

The Commission may prescribe appropriate conditions and safeguards to minimize adverse effects on the character of the surrounding area, including limitations on signs or requirements for shielding of floodlights, screening or surfacing all access roads or driveways.

In addition, the Commission shall require the provision of adequate accessory off-street parking spaces necessary to prevent the creation of traffic congestion caused by the curb parking of vehicles generated by such use, and shall determine the required spaces in accordance with the requirements established in this Resolution with respect to other major traffic generating uses.

74-44 - Children's Amusement Parks

LAST AMENDED
2/2/2011
In C8 or M1 Districts, the City Planning Commission may permit children’s amusement parks with an area of at least 75,000 square feet, but not more than 10 acres, provided that the following findings are made:

(a) that such use is so located as not to impair the essential character or the future use or development of the surrounding area;

(b) that the principal vehicular access for such use is not located on a local street or on an arterial highway, but is located on a major or secondary street within one-quarter mile of an arterial highway or a major street;

(c) that such use will not produce traffic congestion or other adverse effects which interfere with the appropriate use of land in the district or in any adjacent district, and that such use is so located as to draw a minimum of vehicular traffic to and through local streets in nearby residential areas;

(d) that such use is not located within 400 feet of a Residence District; and

(e) that vehicular entrances and exits for such use are provided separately and are located not less than 50 feet apart.

The Commission may prescribe appropriate conditions and safeguards to minimize adverse effects on the character of the surrounding area, including limitations on signs or requirements for shielding of floodlights, screening or surfacing all access roads or driveways.

74-45 - Swimming Pool Clubs or Certain Non-commercial Clubs

LAST AMENDED
2/2/2011

In all Residence Districts, the City Planning Commission may permit a non-commercial outdoor swimming pool club, or any non-commercial club with an outdoor swimming pool located less than 500 feet from any lot line, provided that the following findings are made:

(a) that such use is so located as not to impair the essential character or future use or development of the nearby residential neighborhood;

(b) that such use is so located as to draw a minimum of vehicular traffic to and through local streets;

(c) that such use has adequate reservoir space at the vehicular entrance to prevent the congestion of automobiles on the streets;

(d) that in R1, R2, R3 or R4 Districts, the pool or any accessory facilities affixed to the land are not located closer than 100 feet or, in the case of an accessory outdoor tennis court, such tennis court shall not be closer than 20 feet, to any side or rear lot line coincident with a side or rear lot line of an adjoining zoning lot in a Residence District, and not
located closer than 50 feet to any street line#, and that any planned temporary enclosure such as an air-supported structure be indicated on the plans submitted with this application, and in no event shall such a structure be located closer than 50 feet from any street# or lot line#, if such a structure is planned subsequent to the approval of the special permit, then an amended application subject to the same approvals of this Section shall be submitted; and

(e) that for every 200 square feet of lot area# used for the pool and its accessory# facilities, one accessory# off-street parking space is provided.

The Commission may prescribe appropriate conditions and safeguards to minimize adverse effects on the character of the surrounding area, including limitations on signs# or the hours of operation, or requirements for shielding of floodlights, screening or surfacing of all access roads or driveways.

**74-46 - Indoor Interactive Entertainment Facilities**

**LAST AMENDED**

1/8/1997

In C4, C6, C7, C8 Districts and M1 Districts, except in M1-1, M1-5A, M1-5B Districts and M1 Districts with a suffix "D," the City Planning Commission may permit, for a term not to exceed five years, indoor interactive entertainment facilities with eating and drinking, consisting of mechanical, electronic or computer-supported games subject to the following conditions:

(a) there shall be a minimum of 1,000 square feet of floor area# per game. This requirement shall not apply within the Theater Subdistrict of the Special Midtown District#;

(b) the entrance to such use# shall be a minimum of 200 feet from the nearest Residence District# boundary;

(c) in C4 and C6 Districts, a minimum of four square feet of waiting area within the zoning lot# shall be provided for each person permitted under the occupant capacity as determined by the New York City Building Code. The required waiting area shall be in an enclosed lobby and shall not include space occupied by stairs, corridors or restrooms;

(d) parking shall be provided in accordance with the parking regulations for Use Group 12A (Parking Category D); and

(e) the application is made jointly by the owner of the building# and the operators of such indoor interactive entertainment facility.

In addition to the above conditions, the Commission shall find that:

(1) such use# will not impair the character or the future use or development of the surrounding area;

(2) there is a reasonable plan to prevent the gathering of crowds and the formation of lines on the street#;
such use will not cause undue vehicular or pedestrian congestion in local streets; and

such use will not cause the sound level in any affected conforming residential use or joint living-work quarters for artists to exceed the limits set forth in any applicable provision of the New York City Noise Control Code.

The Commission shall prescribe additional appropriate conditions and safeguards to minimize adverse effects on the character of the surrounding area, including, but not limited to: location of entrances and operable windows, provision of sound-lock vestibules, specification of acoustical insulation, maximum size of establishment, kinds of mechanical amplification, shielding of flood lights, adequate screening, curb cuts or parking.

**74-47 - Amusement Arcades**

LAST AMENDED 7/26/2001

In C6 Districts only, the City Planning Commission may permit amusement arcades to be located within department stores of a minimum 150,000 square feet of floor area, railroad terminal buildings other than Grand Central Station, bus terminal buildings or office buildings of a minimum 500,000 square feet of floor area. Such amusement arcades shall not occupy more than one location in one building and shall not occupy more than 4,000 square feet of area and the arcade shall be located at least 500 feet from any Residence District or any C1 or C2 District, or for zoning lots located wholly or partially within the Fulton Mall Subdistrict of the Special Downtown Brooklyn District, such amusement arcade may be separated from any Residence District or any C1 or C2 District by a street that has a width greater than 110 feet and such amusement arcade shall be located below street level. An application for an amusement arcade pursuant to this Section shall contain plans of the location and arrangement of the proposed use and duplicate copies of the application filed with the Department of Consumer Affairs for an arcade license. Such amusement arcades may be permitted for renewable terms, subject to annual certification as to compliance with the conditions of this permit, provided the Commission finds that:

(a) the application for such special permit is a joint application made by the owner of the building and the operator of the proposed amusement arcade;

(b) such amusement arcade will not have a deleterious effect on the other uses located within the building and the surrounding area; and

(c) the use is so located within the building that no entrance nor any sign of the amusement arcade fronts upon or faces a street.

No special permit shall be issued pursuant to this Section unless the Commission has received a report from the Department of Consumer Affairs concerning the applicant, including any prior experience with the said Department and recommendations as to the operation of the arcade so as to protect the consumer.
This permit shall become effective upon the issuance of an appropriate license from the Department of Consumer Affairs, whose requirements concerning the location, number and arrangement of machines, hours of operation and requirements for supervision or security shall be incorporated within the special permit and govern those aspects of the special permit.

The Commission may renew the special permit for subsequent terms provided the Commission finds that the facts upon which the permit was granted have not substantially changed. With respect to any special permit or subsequent renewals under this Section, the provisions of paragraph (d) of Section 74-31 (General Provisions) shall not apply.

The Commission shall retain the right to revoke the special permit, at any time, if it determines that the nature or manner of operation of the permitted use has been altered from that authorized. The Commission and the Department of Consumer Affairs shall notify each other of any permit or license revocation hereunder.

Revocation of a special permit or a Department of Consumer Affairs license shall cause a revocation of the related license or special permit respectively. The Commission may prescribe appropriate conditions and safeguards to minimize adverse effects on the character of the surrounding area.

74-48 - Scientific Research and Development Facility

LAST AMENDED
5/5/2004

In C6 Districts, the City Planning Commission may permit a scientific research and development facility containing laboratories for medical, biotechnological, chemical or genetic research, including space for production, storage and distribution of scientific products generated through research and may modify height and setback regulations for the facility. Such facility shall conform to the performance standards applicable to M1 Districts and occupy a zoning lot that either contains a minimum lot area of 40,000 square feet or comprises an entire block. No residential use is to be located anywhere on a zoning lot containing such a facility.

As a condition for granting a special permit, the Commission shall find that the scientific research and development facility:

(a) will not unduly affect the essential character or impair the future use and development of the surrounding area;
(b) will be located so as to draw a minimum of vehicular traffic to and through local streets;
(c) provides fully enclosed storage space for all raw materials, finished products, by-products and waste materials including debris, refuse and garbage; and
(d) that the modification of such height and setback regulations will not unduly obstruct the access of light and air to adjoining properties or public streets.
To minimize traffic congestion in the area, the Commission shall require the provision of off-street loading berths conforming to the requirements set forth in Section 36-62 (Required Accessory Off-street Loading Berths) for commercial uses.

The Commission may also require the provision of accessory off-street parking facilities to prevent the creation of traffic congestion caused by the curb parking of vehicles generated by such use. The size and location of such parking and loading facilities shall comply with the applicable provisions of Section 36-00.

All applications for the grant of a special permit pursuant to this Section shall be referred to the Commissioner of Health of the City of New York or its successor for a report and recommendations on matters relating to health, safety and general welfare of the public with regard to the proposed facility. If the report is received within 45 days from the date of referral, the Commission shall, in its determination, give due consideration to the report and its recommendations. If such agency does not report within 45 days, the Commission may make a final determination without reference thereto.

In order to promote and protect the public health, safety and general welfare, the City Planning Commission may impose additional conditions and safeguards and more restrictive performance standards where necessary.

74-49 - Residential Use in C4-1 Districts in Staten Island

LAST AMENDED 2/2/2011

In the Borough of Staten Island, in C4-1 Districts that occupy at least four acres within a block and in other C4-1 Districts for zoning lots that had a lot area greater than 20,000 square feet on December 21, 2005, or on any subsequent date, the City Planning Commission may permit residences, provided such residences comply with the bulk regulations for R5 Districts as set forth in Article II, Chapter 3, or Article III, Chapter 5, as applicable.

In order to grant such permit, the Commission shall find that such residences are part of a superior site plan, such residences are compatible with the character of the surrounding area and that the streets providing access to such residences are adequate to handle the traffic generated thereby or provision has been made to handle such traffic.

The Commission may prescribe appropriate safeguards and conditions to minimize the adverse effect of any residences permitted under this Section on the character of the surrounding area.
