Zoning Resolution

THE CITY OF NEW YORK
Bill de Blasio, Mayor

CITY PLANNING COMMISSION
Marisa Lago, Chair

74-74 - Large-scale General Development

File generated by https://zr.planning.nyc.gov on 5/2/2020
For #large-scale general developments# involving several #zoning lots# but planned as a unit, the district regulations may impose unnecessary rigidities and thereby prevent achievement of the best possible site plan within the overall density and #bulk# controls. The regulations of this Section are designed to allow greater flexibility for the purpose of securing better site planning, while safeguarding the present or future use and development of the surrounding area.

No portion of a #large-scale general development# shall contain:

(a) any #use# not permitted by the applicable district regulations for such portion, except as otherwise provided in Section 74-744 (Modification of use regulations). When an existing #building# in a #large-scale general development# is occupied by a #non-conforming use#, any #enlargement# of such existing #building# shall be subject to the requirements set forth in Section 52-00 (DEFINITIONS AND GENERAL PROVISIONS);

(b) any #zoning lot#, or portion thereof, that is part of a #large-scale residential development# or #large-scale community facility development#.

### 74-741 - Requirements for application

An application to the City Planning Commission for the grant of a special permit pursuant to Section 74-74 for a #large-scale general development# shall include a site plan showing the boundaries of the #large-scale general development# and the proposed location and #use# of all #buildings or other structures# on each #zoning lot# comprising the #large-scale general development#.

However, for applications proceeding pursuant to the ownership provisions of paragraph (e) of Section 74-742, such site plan need only show the applicable portion of the #large-scale general development# as set forth in paragraph (e)(1) or (e)(2) of Section 74-742.

### 74-742 - Ownership

Except as otherwise provided in this Section, any #large-scale general development# for which application is made for a special permit in accordance with the provisions of Section 74-74 (Large-scale General Development) shall be on a tract of land which at the time of application is all under the control of the applicant(s) as the owner(s) or holder(s) of a written option to purchase. No special
permit shall be granted unless the applicant(s) acquired actual ownership (single fee ownership or alternate ownership arrangements according to the zoning lot definition in Section 12-10 (DEFINITIONS) for all zoning lots comprising the large-scale general development) of, or executed a binding sales contract for, all of the property comprising such tract.

When a large-scale general development is located within a designated urban renewal area, the City's urban renewal agency, or a person authorized by such agency, may apply for and be granted a special permit under the provisions of Section 74-74 even though such large-scale general development does not meet the ownership requirements set forth elsewhere in this Section. All parcels comprising such large-scale general development shall be within the designated urban renewal area and subject to the urban renewal controls set forth in the approved urban renewal plan.

A special permit may be applied for and granted under the provisions of Section 74-74, even though such large-scale general development does not meet the ownership requirements set forth elsewhere in this Section, when the site of such large-scale general development is:

(a) to be developed or enlarged through assemblage by any other governmental agency, or its agent, having the power of condemnation; or

(b) owned by the Federal government and is within Brooklyn Community District 2; or

(c) partially under City ownership, within the former Washington Square Southeast Urban Renewal Area, within Community District 2 in the Borough of Manhattan, provided that the exception to the ownership requirements set forth herein shall apply only to tracts of land in City ownership; or

(d) partially under State or City ownership, or may include a tract of land under private ownership that is located within the bed of 26th Avenue between 1st Street and the bulkhead line within the Hallets Point Peninsula, in the area bounded by 8th Street and Vernon Boulevard on the east, the East River on the west and south, and the north side of 26th Avenue on the north, in Community District 1 in the Borough of Queens, provided that the exception to the ownership requirements set forth herein shall apply only to:

(1) tracts of land in State or City ownership; or

(2) a tract of land in private ownership located within the bed of 26th Avenue, between 1st Street and the bulkhead line; or

(e) within Manhattan Community District 2, where the City Planning Commission has approved a special permit under Section 74-74 for a large-scale general development located partially within a C2-7 District, and a portion of such large-scale general development is subsequently mapped as a park and transferred to City ownership, then the consent or authorization of any owner or party in interest to:

(1) such public park shall not be required for any application for a modification to the special permit or associated restrictive declaration relating only to property within
the #large-scale general development# other than the #public park#; and

(2) property other than the #public park# shall not be required for any application for a modification to the special permit or associated restrictive declaration relating only to the #public park#.

However, the consent or authorization of the owners and any party in interest to the other property shall be required if the proposed modification would impose an additional obligation or increase the degree of an obligation existing as of the date of the application for the modification on any such owner or any such party in interest.

74-743 - Special provisions for bulk modification

LAST AMENDED
8/13/2015

(a) For a #large-scale general development#, the City Planning Commission may permit:

(1) distribution of total allowable #floor area#, #rooming units#, #dwelling units#, #lot coverage# and total required #open space# under the applicable district regulations within a #large-scale general development# without regard for #zoning lot lines# or district boundaries, subject to the following limitations:

   (i) no distribution of #bulk# across the boundary of two districts shall be permitted for a #use# utilizing such #bulk# unless such #use# is permitted in both districts;

   (ii) when a #large-scale general development# is located partially in a #Residence District# or in a C1, C2, C3 or C4-1 District and partially in other #Commercial# or #Manufacturing Districts#, no transfer of #commercial floor area# to a #Residence District# or to a C1, C2, C3 or C4-1 District from other districts shall be permitted, except that for a #large-scale general development# located partially or wholly within the former Seward Park Extension Urban Renewal Area, a transfer of #commercial floor area# from a C6 District to a C2 District may be permitted;

(2) location of #buildings# without regard for the applicable #yard#, #court#, distance between #buildings#, or height and setback regulations;

(3) variation in the location of primary business entrances and #show windows# along frontages adjacent to #zoning lots# outside the #large-scale general development# without regard to regulations applicable near #Residence District# boundaries;

(4) the maximum #floor area ratio# permitted pursuant to Section 23-142 (Open space and floor area regulations in R1 and R2 Districts with a letter suffix and R3 through R5 Districts) for the applicable district without regard for #height factor# or #open space ratio# requirements, provided that the #large-scale general development# is
located partially in a C6-1, C6-2 or C6-3 District within the boundaries of Community Districts 2 or 7 in Manhattan or located within a C4-4 District within the boundaries of Queens Community District 7 and that a minimum of 50 percent of the required open space is provided within the large-scale general development. Required open space for the purposes of this paragraph (a)(4) shall be calculated by utilizing the smallest open space ratio at the maximum floor area ratio, pursuant to Section 23-142 for the applicable district;

(5) in an Inclusionary Housing designated area in a C4-6 or C5 District:

(i) a portion of the lot area that contains a wholly commercial building to be excluded from the calculation of floor area for any other buildings on the remainder of the zoning lot; or

(ii) community facility floor area located above the ground floor to be excluded from the calculation of the amount of affordable housing required pursuant to Section 23-95;

(6) modification of the requirements of Section 23-86 (Minimum Distance Between Legally Required Windows and Walls or Lot Lines) for developments or enlargements, where:

(i) the required minimum distance as set forth in Section 23-86 is provided between the legally required window in the development or enlargement and a wall or lot line on an abutting property; and

(ii) the required minimum distance is provided by a light and air easement acceptable to the Department of City Planning and recorded in the County Clerk’s office in the county in which such tracts of land are located;

(7) modification of the definition of outer court in Section 12-10 (DEFINITIONS) and the provisions of Section 23-84 (Outer Court Regulations) to include any open area that is bounded on all sides but one by building walls and is not otherwise a yard or an inner court, provided that:

(i) such modifications are permitted only for large-scale general developments, previously approved by the Commission, in a C4-7 District within the boundaries of Manhattan Community District 7; and

(ii) the minimum distance between a legally required window facing onto such outer court and a building wall shall be 30 feet, measured in a horizontal plane at the sill level of, and perpendicular to, such window for the full width of the rough window opening;

(8) in an Inclusionary Housing designated area in a C4-7 District within the boundaries of Manhattan Community District 7, for the purpose of applying the Inclusionary Housing Program within such Inclusionary Housing designated
area#, as set forth in a restrictive declaration:

(i) modification of the base and maximum #floor area ratios# specified in Section 23-154 (Inclusionary Housing), not to exceed the maximum #floor area ratios# permitted by the underlying district, based on a proportionality between #affordable floor area#, as defined in Section 23-911, and #residential floor area# in #buildings# containing multiple #uses#; and

(ii) modification of the requirements regarding distribution of #affordable housing units#, as defined in Section 23-911, specified in paragraph (b) of Section 23-96 (Requirements for Generating Sites or MIH Sites);

(9) within the boundaries of Community District 3 in the Borough of the Bronx, portions of any #building#, at any level, that contain permitted or required #accessory# off-street parking spaces, to be excluded from the calculation of #lot coverage#;

(10) for a #large-scale general development# located partially or wholly within the former Seward Park Extension Urban Renewal Area, waiver of the planting requirements of Section 23-892 (In R6 through R10 Districts), provided the area between the #street line# and the #street walls# of the #building# and their prolongations is to be improved as a publicly accessible widened sidewalk;

(11) wholly within a C1-9 District entirely within the boundaries of Community District 8 in Manhattan, for a predominantly #community facility development#, a #floor area# bonus not to exceed 20 percent of the maximum #floor area ratio# permitted by the underlying district regulations where, in connection with such #development#, an improvement to a #public park# located within the same Community District and within a one mile radius of the proposed #development# is provided in accordance with the provisions of this Section.

(i) A request for such bonus #floor area# shall be accompanied by:

(a) a site plan for a #public park# improvement, transmitted by the Commissioner of Parks and Recreation, sufficient in detail and scope with respect to the work necessary to complete such #public park# improvement, to enable the City Planning Commission to determine the appropriate amount of bonus #floor area# to be granted to the #development#; and

(b) a letter from the Commissioner of Parks and Recreation stating:

(i) the selection of the #public park# for the #public park# improvement has been informed by community input in the form of consultation or an existing plan;

(ii) such #public park# improvement provides an appropriate amenity for the surrounding area; and
(iii) that, absent funding to be provided by the applicant, such public park improvement is unlikely to be made in the foreseeable future.

(ii) Prior to a determination as to whether to grant the special permit, the City Planning Commission shall have received from the Commissioner of Parks and Recreation:

(a) any revisions to the site plan for the public park improvement or a statement that the site plan provided in the application is unchanged; and

(b) a letter that shall include:

(i) cost estimates for the public park improvement; and

(ii) a statement that the funding to be provided by the applicant, in combination with any other available funding, is adequate for completion of the necessary infrastructure, landscape and other work necessary to complete the public park improvement; or

(12) within the boundaries of Community District 1 in the Borough of Queens, in the area generally north of 30th Road and west of 8th Street, within the Hallets Point Peninsula, the floor area distribution from a zoning lot containing existing public housing buildings, provided that upon approval of a large-scale general development there exists unused floor area on a separate parcel of land with existing light industrial buildings in an amount equivalent to, or in excess of, the floor area approved for distribution and further provided:

(i) such parcel shall be made part of such zoning lot upon approval of such large-scale general development, pursuant to the definition of zoning lot in Section 12-10, paragraph (d); and

(ii) the existing light industrial buildings on the separate parcel of land are demolished.

(b) In order to grant a special permit pursuant to this Section for any large-scale general development, the Commission shall find that:

(1) the distribution of floor area, open space, dwelling units, rooming units and the location of buildings, primary business entrances and show windows will result in a better site plan and a better relationship among buildings and open areas to adjacent streets, surrounding development, adjacent open areas and shorelines than would be possible without such distribution and will thus benefit both the occupants of the large-scale general development, the neighborhood and the City as a whole;
(2) the distribution of #floor area# and location of #buildings# will not unduly increase the #bulk# of #buildings# in any one #block# or unduly obstruct access of light and air to the detriment of the occupants or users of #buildings# in the #block# or nearby #blocks# or of people using the public #streets#;

(3) where a #zoning lot# of a #large-scale general development# does not occupy a frontage on a mapped #street#, appropriate access to a mapped #street# is provided;

(4) considering the size of the proposed #large-scale general development#, the #streets# providing access to such #large-scale general development# will be adequate to handle traffic resulting therefrom;

(5) when the Commission has determined that the #large-scale general development# requires significant addition to existing public facilities serving the area, the applicant has submitted to the Commission a plan and timetable to provide such required additional facilities. Proposed facilities that are incorporated into the City's capital budget may be included as part of such plan and timetable;

(6) where the Commission permits the maximum #floor area ratio# in accordance with the provisions of paragraph (a)(4) of this Section, the #open space# provided is of sufficient size to serve the residents of new or #enlarged buildings#. Such #open space# shall be accessible to and usable by all residents of such new or #enlarged buildings#, have appropriate access, circulation, seating, lighting and paving, and be substantially landscaped. Furthermore, the site plan of such #large-scale general development# shall include superior landscaping for #open space# of the new or #enlarged buildings#;

(7) where the Commission permits the exclusion of #lot area# or #floor area# in accordance with the provisions of paragraph (a)(5) of this Section or modification of the base and maximum #floor area ratios# or requirements regarding distribution of #affordable housing units# in accordance with paragraph (a)(8) of this Section, such modification will facilitate a desirable mix of #uses# in the #large-scale general development# and a plan consistent with the objectives of the Inclusionary Housing Program and those of Section 74-74 (Large-scale General Development) with respect to better site planning;

(8) where the Commission permits portions of #buildings# containing #accessory# parking spaces to be excluded from the calculation of #lot coverage# in accordance with the provisions of paragraph (a)(9) of this Section, the exclusion of #lot coverage# will result in a better site plan and a better relationship among #buildings# and open areas than would be possible without such exclusion and therefore will benefit the residents of the #large-scale general development#;

(9) where the Commission permits a #floor area# bonus for a #public park# improvement in accordance with the provisions of paragraph (a)(11) of this Section:
(i) the amount of such bonus #floor area# is appropriate in relation to the size and quality of the proposed #public park# improvement; and

(ii) such bonus #floor area# will not unduly increase the #bulk# of #buildings# on the #zoning lot# or unduly obstruct access of light and air to the detriment of the occupants or users of #buildings# on the #block# or nearby #blocks# or of people using the public #streets#.

Grant of a #floor area# bonus for a #public park# improvement in accordance with the provisions of paragraph (a)(11) of this Section shall be conditioned upon adequate assurances for provision of the funding identified by the Commissioner of Parks and Recreation in a letter pursuant to paragraph (a)(11)(ii) of this Section as necessary for completion of the necessary infrastructure, landscape and other work for the #public park# improvement. The Commissioner of Buildings shall not issue a building permit for the #large-scale development# unless the Commissioner of Parks and Recreation shall have certified that the funding has been made or secured in a manner acceptable to such Commissioner;

(10) a declaration with regard to ownership requirements in paragraph (b) of the #large-scale general development# definition in Section 12-10 (DEFINITIONS) has been filed with the Commission; and

(11) where the Commission permits #floor area# distribution from a #zoning lot# containing existing light industrial #buildings# to be demolished in accordance with the provisions of paragraph (a)(12) of this Section, such #floor area# distribution shall contribute to better site planning of the waterfront public access area and shall facilitate the #development# of affordable housing units within a #large-scale general development#.

Within Manhattan Community District 2, within the former Washington Square Southeast Urban Renewal Area, where the Commission has approved a #large-scale general development# and a #lot line# of such #large-scale general development# coincides with the boundary of a mapped #public park#, such #lot line# shall be considered to be a #street line# of a #wide street# for the purposes of applying all #use# and #bulk# regulations of this Resolution.

In addition, within Manhattan Community District 2, where the Commission has approved a #large-scale general development# located partially within a C2-7 District, if any #open space# approved pursuant to paragraph (a)(4) of Section 74-743 is subsequently mapped as a park and transferred to City ownership, the #open space# requirement approved for such #large-scale general development# pursuant to paragraph (a)(4) of Section 74-743 shall be reduced by the area of such #public park#.

Within Community District 1 in the Borough of Queens, the Commission may prescribe additional conditions to ensure that the purpose of the Inclusionary Housing program as set forth in Section 23-92 (General Provisions) is achieved in a #large-scale general development#. The Commission may establish procedures resulting in limiting the amount of #affordable floor area# utilizing #public funding# that may count toward satisfying the #affordable floor area# required in paragraph (c)(2) of
Section 23-154. Any such procedures established by the Commission shall be set forth in the restrictive declaration required in connection with the grant of a special permit for such large-scale general development.

For a phased construction program of a multi-building complex, the Commission may, at the time of granting a special permit, require additional information, including but not limited to a proposed time schedule for carrying out the proposed large-scale general development, a phasing plan showing the distribution of bulk and open space and, in the case of a site plan providing for common open space, common open areas or common parking areas, a maintenance plan for such space or areas and surety for continued availability of such space or areas to the people they are intended to serve.

The Commission may prescribe additional conditions and safeguards to improve the quality of the large-scale general development and to minimize adverse effects on the character of the surrounding area.

74-744 - Modification of use regulations

LAST AMENDED
10/11/2012

(a) Use modifications

(1) Waterfront and related commercial uses

In a C4 District, the City Planning Commission may modify applicable district regulations to allow certain boating and related uses listed in Use Group 14A, not otherwise allowed in such district, provided the Commission shall find that:

(i) the uses are appropriate for the location and blend harmoniously with the rest of the large-scale general development; and

(ii) the streets providing access to such uses will be adequate to handle the traffic generated thereby.

(2) Automotive sales and service uses

For large-scale general developments, previously approved by the Commission, in a C4-7 District within the boundaries of Manhattan Community District 7, Commission may modify applicable district regulations to allow automotive sales and service establishments that include repair services and preparation for delivery, provided the Commission shall find that:

(i) the portion of the establishment used for the servicing and preparation of automobiles is located entirely in a cellar level and below grade or established curb level, and the ground floor level of such establishment
is used only for showrooms and sales;

(ii) sufficient indoor space for storage of vehicles for sale or service has been provided; and

(iii) such #use# will not create or contribute to serious traffic congestion and will not unduly inhibit surface traffic or adversely affect pedestrian movement.

(3) Retail establishments

For a #large-scale general development# located partially or wholly within the former Seward Park Extension Urban Renewal Area, the Commission may modify applicable district regulations to allow Use Groups 10, 11A and 12A, except for arenas or auditoriums, skating rinks, public auction rooms, trade expositions and stadiums, provided the Commission finds that:

(i) such #uses# will not impair the character of future #uses# or development of the surrounding area; and

(ii) the #streets# providing access to such #uses# will be adequate to handle the traffic generated thereby.

(4) #Physical culture or health establishments#

For a #large-scale general development# located within an #MIH site#, in a C4 District within Queens Community District 14, #physical culture or health establishments# shall be permitted as-of-right. The special permit provisions of Section 73-36 (Physical Culture or Health Establishments) shall not apply.

(b) Location of #commercial uses#

For any #large-scale general development#, the Commission may permit #residential# and non-#residential uses# to be arranged within a #building# without regard for the regulations set forth in Section 32-42 (Location Within Buildings), provided the Commission shall find that:

(1) the #commercial uses# are located in a portion of the #mixed building# that has separate access to the outside with no opening of any kind to the #residential# portion of the #building# at any #story#;

(2) the #commercial uses# are not located directly over any #story# containing #dwelling units#; and

(3) the modifications shall not have any adverse effect on the #uses# located within the #building#.

(c) Modifications of #sign# regulations
(1) In all Commercial or Manufacturing Districts, the Commission may, for developments or enlargements subject to the provisions of paragraphs (a)(1), (a)(2) or (a)(3) of Section 74-743 (Special provisions for bulk modification), permit the modification of the applicable provisions of Sections 32-64 (Surface Area and Illumination Provisions), 32-65 (Permitted Projection or Height of Signs), 32-66 (Additional Regulations for Signs Near Certain Parks and Designated Arterial Highways), 42-53 (Surface Area and Illumination Provisions), 42-54 (Permitted Projection or Height of Signs), 42-55 (Additional Regulations for Signs Near Certain Parks and Designated Arterial Highways) and the limitations on the location of signs in Sections 32-51 and 42-44 (Limitations on Business Entrances, Show Windows or Signs), provided the Commission finds that such modification will result in a better site plan.

(2) For a large-scale general development located partially or wholly within the former Seward Park Extension Urban Renewal Area, the Commission, by authorization, may make the sign regulations of a C6-1 District applicable to those portions of such large-scale general development within a C2 District, and in addition, may modify the provisions of Section 32-68 (Permitted Signs on Residential or Mixed Buildings) to allow signs accessory to non-residential uses above the level of the finished floor of the third story, provided such signs do not exceed a height of 40 feet above curb level. In order to grant such authorizations, the Commission shall find that such modifications are consistent with the amount, type and location of commercial uses that the Commission finds appropriate within such large-scale general development.

The Commission may prescribe appropriate conditions and safeguards to minimize adverse effects on the character of the development.

74-745 - Modifications of parking and loading regulations

LAST AMENDED
3/22/2018

For a large-scale general development the City Planning Commission may permit:

(a) Modification of location requirements

When a large-scale general development includes two or more zoning lots, the Commission may permit required or permitted accessory off-street parking spaces, bicycle parking spaces or loading berths to be located anywhere within a large-scale general development without regard for zoning lot lines, provided that the Commission shall find:

(1) such off-street parking spaces, bicycle parking spaces and loading berths will be conveniently located in relation to the use to which such spaces or berths are
(2) such location of off-street parking spaces, bicycle parking spaces and loading berths will result in a better site plan; and

(3) such location of off-street parking spaces, bicycle parking spaces and loading berths will not unduly increase the number of spaces in any single #block#, draw excessive traffic through local #streets#, or otherwise adversely affect traffic conditions in the surrounding area.

Whenever required off-street parking spaces, bicycle parking spaces and loading berths are permitted to be located without regard for #zoning lot lines# in accordance with the provisions of this Section, the number of spaces required for each #building# shall be kept available for such #building# throughout its life.

(b) Waiver or reduction of loading berth requirements

For #zoning lots# in a #large-scale general development#, located either within a #Special Mixed Use District# in Community District 2 in the Borough of The Bronx, or within a waterfront area pursuant to paragraph (b) of Section 62-132, in Community District 1 in the Borough of Brooklyn, where such #zoning lots# in the waterfront area contain one or more #retail or service uses# listed in Use Group 6A, 6C, 7B, 8B, 9A, 10A, 12B, 14A or 16A, and where no single such establishment in the waterfront area exceeds 8,500 square feet in #floor area#, the Commission may waive or reduce the number of required loading berths, provided that:

(1) curbside deliveries will not create or contribute to serious traffic congestion or unduly inhibit vehicular or pedestrian movement and will not interfere with the efficient functioning of nearby #uses#;

(2) an efficient goods receiving system will be implemented within the #commercial# establishment to expedite the movement of goods from the curb to areas within the establishment;

(3) such modification allows for a better relationship between the #street walls# of the #building# containing such establishment and the adjacent sidewalk and surrounding area; and

(4) such modification will not impair or adversely affect the development of the surrounding area.

(c) Reduction of parking requirements

For #buildings# on #zoning lots# in a #large-scale general development#, within R7-2 Districts in Community District 1 in the Borough of the Bronx, that contain an #affordable independent residence for seniors#, the Commission may waive or reduce the number of
required accessory off-street parking spaces, including any spaces previously required for an existing building, provided that the Commission finds that:

(1) the anticipated automobile ownership patterns for residents of such affordable independent residence for seniors are minimal and that such waiver or reduction is warranted;

(2) such waiver or reduction of parking spaces will not have undue adverse impacts on the residents, businesses or community facilities in the surrounding area; and

(3) such waiver or reduction of parking spaces will result in a better site plan with better quality open areas.

In determining the amount of parking spaces to waive or reduce, the Commission may take into account current automobile ownership patterns for an existing affordable independent residence for seniors on the zoning lot, as applicable.

The Commission may prescribe additional conditions and safeguards to minimize adverse effects on the surrounding area.

74-746 - Special provisions for development or enlargement over streets

LAST AMENDED
2/2/2011

Within a large-scale general development, when the volume above a street, or portion thereof, has been eliminated, discontinued and closed, the City Planning Commission may permit such volume to be considered part of an adjoining zoning lot and may allow, within such volume, a development or enlargement that is part of a building or buildings in the large-scale general development. In no event shall such volume contribute to the amount of lot area counted for the purposes of qualifying as a large-scale general development or generating any floor area.

(a) The following conditions must be met for the development or enlargement to be permitted in such volume:

(1) a satisfactory ventilation plan consistent with the requirements of New York City's Departments of Transportation and Environmental Protection is provided for the street below the volume;

(2) an illumination of at least five foot candles at the curb level is provided for the street below the volume; and

(b) In order to grant the special permit, the Commission shall find that the development or enlargement in such volume:

(1) is functionally necessary or will improve the internal circulation within the large-
scale general development#, or will improve vehicular or pedestrian circulation on adjacent #streets#;

(2) will not adversely impact the continued use of the #street#;

(3) will not have an adverse impact on the essential character or future use or development of the adjacent area; and

(4) will not unduly obstruct any significant scenic view.

The Commission may prescribe additional conditions and safeguards to minimize adverse effects on the character of the surrounding area.

---

**74-747 - Previously granted special permits**

---

LAST AMENDED
2/2/2011

Any #development# or #enlargement# granted a special permit by the City Planning Commission under previous Section 74-74 (Commercial Development Extending into More than One Block) prior to February 22, 1990, may be started or continued pursuant to that special permit.

The Commission may administratively, upon application, allow modifications of the special permit granted under previous Section 74-74 (Commercial Development Extending into More than One Block) before February 22, 1990.

In no event may the Commission grant a modification of a special permit approved prior to February 22, 1990, that would require additional #bulk# distribution among #zoning lots# or modification of the height and #lot coverage# limitations previously established. Any modifications exceeding the limitations set forth herein shall be subject to the provisions of the new Section 74-74 (Large-scale General Development).

No existing #publicly accessible open area# or other public amenity for which a #floor area# bonus or any increase in tower coverage above 40 percent of the #lot area# of the #zoning lot# has been received under previous Section 74-74 (Commercial Development Extending into More than One Block) prior to February 22, 1990, shall be eliminated or reduced in size except by special permit of the Commission pursuant to a finding that a proposed change will provide a greater public benefit in the light of the public amenity’s purpose.

Any #sign# shown on a site plan incorporated as part of a special permit of the Commission under the provisions of Section 74-74 (Large-scale General Development) prior to February 27, 2001, may be erected and maintained in accordance with such special permit.
