74-901 - Long-term care facilities

LAST AMENDED
5/12/2021

The City Planning Commission may permit #long-term care facilities# in locations where they are not permitted as-of-right, in accordance with paragraph (a) or (b) of this Section.

(a) In R1 and R2 Districts

The Commission may permit #long-term care facilities# in R1 and R2 Districts, and in C1 and C2 Districts mapped within such #Residence Districts#, provided that the following findings are made:

- (1) such #use# is compatible with the character of the surrounding area;
- (2) the proposed #building# access, orientation and landscaping create an adequate buffer between the proposed facility and nearby #residences#; and
- (3) the #streets# providing access to such #use# are adequate to handle the traffic generated thereby or provision has been made to handle such traffic.

(b) In certain Community Districts

The Commission may permit the #development# of nursing homes, as defined in the New York State Public Health Law, or #enlargements# of existing nursing homes that increase the existing #floor area# by 15,000 square feet or more, in Community District 11 in the Borough of the Bronx, Community District 8 in the Borough of Manhattan, and Community District 1 in the Borough of Staten Island, provided that the Commission finds that the #development# of additional nursing home beds will not unduly burden such community district. However, such special permit shall not apply to #developments# or #enlargements# that are subject to the restrictions set forth in Section 22-16 (Special Regulations for Nursing Homes).

Where such #use# is permitted by the Commission, it may be eligible for #bulk# modification, pursuant to the provisions of Section 74-902 (Certain community facility uses in R1 and R2 Districts and certain Commercial Districts), or Section 74-903 (Certain community facility uses in R3 to R9 Districts and certain Commercial Districts), as applicable.

The Commission may prescribe appropriate conditions and safeguards to minimize adverse effects on the character of the surrounding area.
