92-00 - GENERAL PURPOSES

LAST AMENDED

4/23/1973

The "Special Park Improvement District" established in this Resolution is designed to promote and protect public health, safety, general welfare and amenity. These general goals include, among others, the following specific purposes:

- (a) to preserve and protect the unique character and architectural quality of the residential part of Fifth Avenue and Park Avenue which includes many landmarks and other cultural buildings;
- (b) to provide alternatives to plaza and arcade development along Fifth Avenue and Park Avenue which are redundant in view of the existence of Central Park and the Park Avenue malls;
- (c) to channel private expenditures which would otherwise be spent on redundant facilities into development, beautification and maintenance of proximate public parks and other public areas;
- (d) to encourage the development of buildings compatible with the height of present development; and
- (e) to promote the most desirable use of land in this area and thus to conserve the value of land and buildings and thereby protect the City's tax revenues.
