## 82-33 - Modification of Bulk Regulations

---

LAST AMENDED

2/2/2011

The City Planning Commission may, by special permit, modify the height and setback regulations, #yard# regulations, regulations governing minimum distance between #buildings# on a single #zoning lot#, and regulations governing #courts# and minimum distance between #legally required windows# and walls or #lot lines#, provided the Commission finds that such modifications are necessary to:

- (a) facilitate good design;
- (b) allow design flexibility for any #development# to which the mandatory provisions of Section 82-10 (MANDATORY DISTRICT IMPROVEMENTS) are applicable; or
- (c) incorporate a #floor area# allowance pursuant to Section 82-32 (Special Provisions for Increases in Floor Area) where inclusion of the proposed public amenity will significantly further the specific purposes for which the #Special Lincoln Square District# is established.
