119-318 - Modifications of certain bulk regulations

LAST AMENDED
2/2/2011

For any #development# or #enlargement# subject to Section 119-20 (PROVISIONS REGULATING TIER II SITES), the City Planning Commission may authorize variations in required #front#, #rear# or #side yards#, variations in required space between #buildings# on the same #zoning lot# and modifications in the underlying district height and setback regulations.

In order to grant such authorizations, the Commission shall find that:

(a) #development# is not feasible without such modification, or that the requested modification will permit a #development#, #enlargement# or #site alteration# that better satisfies the purposes of this Chapter;

(b) such modification is the least modification required to achieve the purpose for which it is granted; and

(c) the proposed #bulk# and placement of #buildings# and the proposed arrangement of #open spaces# will not have significant adverse effects upon the light, air and privacy for existing development in adjacent areas or the opportunities therefor in future development.
