LAST AMENDED

The provisions of Section 32-422 (Location of floors occupied by commercial uses) are modified to permit #dwelling units# on the same #story# as a #commercial use# provided no access exists between such #uses# at any level containing #dwelling units# and provided any #commercial uses# are not located directly over any #dwelling units#. However, such #commercial use# may be located over #dwelling units# by authorization of the City Planning Commission upon a finding that sufficient separation of #residential uses# from #commercial uses# exists within the #building#.
